01 开场与伊朗局势

01 What's up, rise up and how you doing? I'm Coy Wire. Welcome to another Summer Friday episode of the best 10 minutes in news, where we catch you up on the week's biggest stories faster than ice cream melting on a sidewalk in July. We begin today with an update on the conflict in Iran and the surrounding regions.

大家好，打起精神来，最近怎么样？我是科伊·怀尔。欢迎收看又一期夏日周五版的“最精彩的十分钟新闻”。我们会带你迅速了解本周最重大的新闻，速度比七月人行道上的冰激凌融化得还快。今天先来关注伊朗及周边地区冲突的最新情况。

02 You may remember that Memorandum of Understanding that was signed by the U.S. and Iran a little less than a month ago. Well, at the NATO summit in Turkey this week, U.S. President Donald Trump says that that agreement is over and the two nations have traded a barrage of new strikes that started this past Tuesday. President Trump has now reimposed sanctions on Iranian oil sales, a reversal of a key concession that was part of the latest ceasefire.

大家可能还记得，美国和伊朗在不到一个月前签署了一份谅解备忘录。不过，在本周于土耳其举行的北约峰会上，美国总统唐纳德·特朗普表示，这份协议已经作废。两国从本周二开始，又相互发动了密集打击。特朗普总统如今重新对伊朗石油销售实施制裁，撤回了最新停火安排中的一项关键让步。

03 And in that key body of water we've been telling you about, the Strait of Hormuz, CNN's Pamela Brown got a chance to board the USS Abraham Lincoln and talk to the officials in charge of how to respond in the Arabian Sea as the U.S. weighs up its next move against Iran.

在我们一直向大家介绍的那片关键水域，也就是霍尔木兹海峡，CNN记者帕梅拉·布朗有机会登上“亚伯拉罕·林肯”号航空母舰。在美国评估针对伊朗的下一步行动之际，她与负责在阿拉伯海采取应对措施的官员进行了交谈。

04 This is one of two aircraft carriers in the region. And you see behind me what's called the bridge, the flight tower.

这是该地区两艘航空母舰中的一艘。大家看到我身后的这个地方叫舰桥，也就是飞行指挥塔台。

05 This is where all the shots are called. And you see the planes. Here they are on this deck.

所有指令都在这里发出。大家也能看到飞机，它们就在这层甲板上。

06 There's F-35s, F-18s, Growlers, E-2s. All of them play certain roles in the conflict. Now, what we know for sure, per a U.S. official I spoke to, is that there will be defensive missions happening on the USS Abraham.

这里有F-35、F-18、“咆哮者”电子战飞机和E-2预警机。它们在冲突中各有分工。现在，根据一位与我交谈的美国官员提供的信息，我们可以确定的是，“亚伯拉罕·林肯”号将执行防御任务。

07 And in fact, there has already been a shift in operational plans in the wake of the Iranian attacks on those vessels. This ship left port early yesterday so that it could be out here at sea and ready to go in case orders are given.

事实上，在伊朗袭击那些舰艇之后，行动计划已经发生调整。这艘军舰昨天提前离港，就是为了来到海上待命，一旦接到命令便可立即行动。

02 世界杯动态

08 Now to an unforgettable week at the World Cup, where the drama has been thicker than goalie gloves.

接下来关注世界杯令人难忘的一周。赛事的戏剧性简直比守门员的手套还要“厚”。

09 After nearly a month of historic moments and thrilling finishes, the final four are almost set. France took down Morocco yesterday to clinch their third straight semi-final appearance. Kylian Mbappe and company have their eyes on a possible 2022 Blockbuster World Cup final rematch with defending champs Argentina.

经过近一个月的历史性时刻和扣人心弦的比赛收官，四强席位即将全部确定。法国队昨天击败摩洛哥队，连续第三次挺进半决赛。基利安·姆巴佩和队友们期待着有机会再次对阵卫冕冠军阿根廷队，重演2022年那场万众瞩目的世界杯决赛。

10 Allez Les Bleus! They will face the winner of Spain and Belgium who play today for a trip to this year's final. Norway, England, Switzerland, and Argentina will take on the field tomorrow to round out the final two spots. And the U.S. men's national team saw their World Cup dream end in Seattle on Monday after a 4-1 loss to Belgium.

法国队，加油！他们将迎战西班牙和比利时之间的胜者，这两队今天将交锋，争取向本届决赛迈进。挪威、英格兰、瑞士和阿根廷明天将登场，决出最后两个四强席位。美国男足则于周一在西雅图以1比4负于比利时，世界杯梦想就此终结。

11 The game averaged 30 million viewers on Fox, becoming the most watched soccer telecast in U.S. history.

这场比赛在福克斯电视台的平均观众人数达到3000万，成为美国历史上收视人数最多的足球电视转播。

03 趣味问答：站着睡觉的动物

12 Pop quiz hot shot!

随堂小测验，高手们接招吧！

13 Which animals sleep standing up?

哪些动物会站着睡觉?

14 Horses? Elephants? Giraffes? Flamingos?

马?大象?长颈鹿?火烈鸟?

15 Standing ovation if you said all of the above! These animals catch Zs on their feet by locking parts of their legs in place, kind of like putting their bodies on airplane mode. It's nature's way of helping them make a quick getaway if danger comes running.

如果你回答“以上全部”,就值得起立鼓掌!这些动物会锁定腿部的某些部位,站着打盹,就像把身体调成飞行模式。这是大自然赋予它们的一种本领,好让它们在危险来袭时迅速逃离。

04 睡眠专题:时长、大脑与作息

16 I got five hours of sleep last night. Last night this is not normal. I got about six and a half hours of sleep.

“我昨晚睡了五个小时。” “昨晚的情况不太正常。” “我大约睡了六个半小时。”

17 Last night I slept four hours. I got five hours 45 minutes of sleep last night. I got about five hours of sleep. Usually I try to shoot for seven to eight.

“我昨晚睡了四个小时。” “我昨晚睡了五小时四十五分钟。” “我大约睡了五个小时,平时我会尽量睡七到八个小时。”

18 It seems like most people are not getting eight hours of sleep. We got a wide range of answers today.

看来大多数人都没有睡够八个小时。今天我们听到了各种各样的回答。

19 I am on a mission to find out if that's really what we need to do. And I'm bringing in a special guest, Dr. Sanjay Gupta. How are you? Didn't miss this discussion.

我想弄清楚,我们是不是真的需要睡这么久。为此,我请来了一位特别嘉宾:桑杰·古普塔医生。“你好吗?” “这场讨论我可没错过。”

20 Oh man, you are the man I need to speak to. So why eight hours? Is this the optimal amount?

哎呀,你正是我想请教的人。那么,为什么是八个小时?这是最理想的睡眠时长吗?

21 So you know, like most things in life, it's an average. The average is a range between six and ten hours for most adults.

你知道,就像生活中的很多事情一样,这是一个平均值。对于大多数成年人来说,通常的范围是六到十个小时。

22 The thing is for kids, it's actually even more than that. Nine to twelve hours for elementary school kids and teenagers back to sort of eight to ten hours.

而儿童需要的睡眠实际上更多。小学生需要九到十二个小时,到了青少年时期,则大约是八到十个小时。

23 Take us inside of our brains. What happens while we sleep?

带我们了解一下大脑吧。睡觉时,大脑里会发生什么?

24 Sleep is actually a really fascinating time for the brain. It's kind of interesting because people think it's just at rest. It's actually really active.

睡眠对大脑来说，其实是一段非常奇妙的时间。有意思的是，人们以为大脑只是在休息，但它实际上非常活跃。

25 And there's several stages of sleep. Stage one, you spend about five percent of your time in stage one. That's the lightest sleep, just sort of drifting off to sleep.

睡眠分为几个阶段。第一阶段约占睡眠时间的百分之五。这是最浅的睡眠阶段，人会慢慢进入梦乡。

26 Then stage two, a little bit deeper, about 45 percent of your sleep is stage two. Then there's stage three, which is the most restful, about 25 percent. And then there's this really interesting stage.

接着是第二阶段，睡眠稍深一些，大约占总睡眠时间的百分之四十五。然后是第三阶段，这是休息和恢复最充分的阶段，约占百分之二十五。之后还有一个非常有趣的阶段。

27 It's called REM, rapid eye movements. Literally, your eyes are moving behind your eyelids and that's when you're dreaming. And you cycle over and over again through these stages of sleep, about 90 minutes or so for all the stages.

它叫REM，也就是“快速眼动”。顾名思义，你的眼球会在眼皮下面转动，而这时你正在做梦。你会反复经历这些睡眠阶段，所有阶段走完一轮大约需要九十分钟。

28 The other thing your brain is doing is clearing out waste from all the work that it's done during the day. And I think most importantly for students, that's the time you take memories and experiences from your day and you put them in the long term memory stores. So you can remember these months, years down the road.

大脑还会清除白天工作时产生的废物。我认为，对学生来说最重要的是，大脑会在这段时间把白天的记忆和经历存入长期记忆。这样，几个月甚至几年之后，你仍能记得这些事情。

29 So how do I know if I've gotten enough sleep for me, for my body?

那我怎么判断自己有没有睡够，身体是否得到了足够的睡眠呢?

30 So most people generally know because you are probably a little bit grumpier than you normally are. You're always cheery though, aren't you? I've never seen you grumpy.

大多数人通常能察觉，因为你可能会比平时更容易烦躁。不过，你总是乐呵呵的，对吧？我从没见过你脾气不好的样子。

31 You know, you feel tired. I think one of the biggest tests, someone told me this years ago, is if you put yourself in a darkened room in a comfortable chair and right away you fall asleep within a couple of minutes, that's a pretty sure sign that you're sleep deprived.

你会觉得疲倦。多年前有人告诉过我一个很有用的判断方法：如果你待在一间光线昏暗的房间里，坐在舒适的椅子上，几分钟之内就立刻睡着，那基本上就说明你缺觉了。

32 So give your boy some tips, and all of us, on getting great sleep.

那就给我这个老朋友，也给大家支几招吧，怎样才能睡个好觉?

33 So you're an athlete, probably working out too close to when you go to bed, it's probably going to keep you up. You're sort of stimulating the body. Caffeine stimulates the body. So in the morning, good idea, but later on in the afternoon, that's probably going to keep you up.

你是运动员，如果运动时间离睡觉太近，就可能睡不着，因为身体受到了刺激。咖啡因也会刺激身体，所以早上喝可能不错，但到了下午较晚的时候再喝，就可能让你难以入睡。

34 Screens, the blue light alone, is something that's going to keep you up.

屏幕也是如此，光是屏幕发出的蓝光，就可能让你保持清醒。

35 It just kind of like wakes your brain up?

也就是说，它会把大脑唤醒？

36 Kind of wakes your brain up, yeah. It's like, hey, time to wake up, time to actually do something. I think the biggest thing is the idea of sleeping around the same time and waking up at the same time every day. It's like you're confusing your brain. If you go to bed two hours earlier or two hours later and your brain's like, wait a second, is it time to sleep or is it not time to sleep? I'm not sure.

对，算是把大脑唤醒了。就像在说：“嘿，该醒来了，该做点事情了。”我觉得最重要的是，每天大致在同一时间睡觉、同一时间起床。否则就像是在把大脑弄糊涂：如果你提前两小时或推迟两小时睡觉，大脑就会想：“等一下，现在到底该不该睡？我拿不准。”

37 If you get into a consistent pattern of whatever time, so let's say 11 to 7 every day, you're likely to get good sleep. Your brain's not confused and you can stick with that pattern.

如果你养成固定的作息，无论具体是什么时间，比如每天晚上十一点睡、早上七点起，就更有可能睡得好。大脑不会困惑，你也能坚持这个规律。

38 Is that connected to that circadian rhythm? That's exactly what it is.

“这跟昼夜节律有关吗？” “没错，说的就是它。”

39 And your circadian rhythm can get sort of messed up very quickly. You see that when you travel to LA or, you know, any kind of jet lag. You can essentially put yourself in a jet lag right at home by confusing your brain like that all the time.

你的昼夜节律很容易迅速被打乱。去洛杉矶旅行，或者遇到任何时差问题时，你就会发现这一点。其实，就算待在家里，如果总是这样把大脑弄糊涂，也会让自己出现类似倒时差的状态。

40 If you do nothing else, we'll get rid of the screens for sure. But after that, go to bed at the same time, wake up at the same time.

即使别的都不做，至少一定要先放下屏幕。除此之外，就是在固定时间睡觉、固定时间起床。

41 You know my tip for great sleep? Hang out with people who just put you at ease. And for me, you're one of those people. I go to sleep? You're the best.

你知道我睡个好觉的秘诀吗？多和让你感到放松的人待在一起。对我来说，你就是这样的人。 “我都要睡着了？” “你真是太棒了。”

42 I'm not sure it's good that I put you to sleep.

我不确定，把你聊到睡着算不算一件好事。

43 What does it mean if I always have a recurring dream about having a pizza party with unicorns?

如果我总是反复梦到和独角兽一起开披萨派对，这意味着什么？

44 I think you gotta get rid of this guy. I think this is why he's doing it to you. He's whispering in your ear.

我觉得你得把这家伙弄走。我想就是他让你做这些梦的，他一直在你耳边嘀咕。

05 趣闻：辣椒酱洒上公路

45 This summer has been hotter than a jalapeno in a sauna. And speaking of spicy situations, wait till you see this surreal scene that really dialed up the heat in Ohio. A truck hauling thousands of pounds of Frank's Red Hot Sauce sprang a leak near Columbus, Ohio, turning one stretch of the highway into what looked like the world's biggest order of buffalo wings.

今年夏天热得就像桑拿房里的墨西哥辣椒。说到这种火辣辣的场面，来看看俄亥俄州这令人难以置信的一幕，真是把“热度”又往上推了一把。一辆装载着数千磅Frank's RedHot辣椒酱的卡车，在俄亥俄州哥伦布附近发生泄漏，把一段公路变得仿佛是世界上最大份的布法罗辣鸡翅。

46 I guess that stuff really does go on everything. Officials raced in to contain the crimson catastrophe. Environmental officials determined the spill wasn't toxic, but because it's highly acidic, crews had to keep the sauce from flowing into nearby storm drains.

看来这酱还真是什么都能浇上。有关人员迅速赶来，控制这场“猩红色灾难”。环保官员认定泄漏物没有毒性，但由于酸性很强，工作人员必须阻止辣椒酱流入附近的雨水排水口。

47 No word on how they cleaned it up, but there's a chance someone out there was probably asking, got any ranch dressing? Maybe even some Pepto-Bismol.

目前还不清楚他们是怎么清理的，不过，现场说不定有人正在问：“有牧场沙拉酱吗？”也许还想来点Pepto-Bismol胃药。

06 旧货店里的篮球珍藏

48 Now to a slam-dunk thrift store haul you simply have to see to believe. A teenager in Portland named Quinn Brown was sifting through piles of clothing at his local Goodwill when he spotted a piece of sports history.

接下来看看一次旧货店里的惊人收获，不亲眼见到，你简直不会相信。波特兰一位名叫奎因·布朗的少年，在当地Goodwill旧货店翻找成堆的衣服时，发现了一件见证体育历史的物品。

49 Threw it right in front of me, immediately grabbed it, and yeah, one of the best moments of my life.

“它就被扔在我面前，我立刻一把抓住了。是啊，那是我这辈子最棒的时刻之一。”

50 Turns out the yellow and purple jacket that caught his eye was an authentic warm-up jacket worn by none other than basketball hall-of-famer Will Chamberlain, who still holds about six dozen NBA records. And get this, Quinn was able to buy it for just $3.07. After posting pics online, he caught the eye of luxury auction house Softbees, who professionally authenticated this amazing piece of memorabilia.

原来，吸引他注意的那件黄紫色夹克，是篮球名人堂球员威尔特·张伯伦穿过的真品热身夹克。张伯伦至今仍保持着约七十二项NBA纪录。更惊人的是，奎因只花了3.07美元就买到了它。他把照片发到网上后，引起了苏富比拍卖行的注意，对方对这件了不起的体育纪念品进行了专业鉴定。

51 Saw the text, and he said, your jacket has been matched to the 1972 NBA Finals. And I had known the NBA Finals jersey sold for $4.9 million, so that's the jersey he wore under my jacket.

“我看到那条短信，他说：‘你的夹克已经被确认与1972年NBA总决赛的影像相符。’我知道那届总决赛的一件球衣卖出了490万美元，而那正是他穿在我这件夹克里面的球衣。”

52 Now if you want to own this piece of basketball history, you are in luck.

如果你也想拥有这件篮球历史藏品，那你可有机会了。

53 It's currently up for auction, but be warned, this price tag could be higher than Will's scoring records. It's estimated it could fetch up to a quarter of a million bucks.

它目前正在拍卖。不过提醒一下，价格数字可能比张伯伦的得分纪录还高。预计它最高可以拍到二十五万美元。

07 观众的满分时刻与结束语

54 This week's story is getting a 10 out of 10. You. As we do on every 10th in a month, we are highlighting some of our viewers' top moments of the year so far. Drum roll, please.

本周获得“十分满分”的主角，就是你们。和每个月十号一样，我们要展示观众们今年截至目前的一些精彩时刻。请来一段鼓声！

55 Literally, we're starting off with Elliott, who got this slammin' electronic drum kit for his 12th birthday. Happy belated birthday, Elliott. I was gonna tell you a drum joke here, but to be honest, the punchline was a little offbeat.

这回真有鼓声。首先是埃利奥特，他在十二岁生日时收到了一套超酷的电子鼓。埃利奥特，送上一份迟到的生日祝福！我本来想在这里讲个关于鼓的笑话，但说实话，那个笑点有点“不在拍子上”。

56 Up next, Ms. Morey and friends at St. Teresa Regional School in Runnymede, New Jersey. Eighth grade class there ran a lemonade stand every day after school and raised $650 for childhood cancer research. This was their school's largest service project yet, and holy moly, this was one refreshingly sweet story. You all are the zest.

接下来是新泽西州朗尼米德圣特雷莎地区学校的莫里老师和同学们。那里的八年级学生每天下课后都摆摊卖柠檬水，为儿童癌症研究筹得650美元。这是该校迄今规模最大的公益服务项目。哇，这个故事真是清新又甜美。你们真是最棒的，活力满满！

57 Well, well, well, the students in the next 10 out of 10 moment dug deep. JFK Middle School in North Hampton, Massachusetts organized a walk-a-thon to raise over $14,000 for the organization Water for South Sudan, and these are the pictures of actual water wells that were built in a local community who now have access to clean water.

“井”彩，真“井”彩！接下来这个满分时刻中的同学们既全力以赴，也让水井真正落地。马萨诸塞州北安普敦的JFK中学组织了一场步行筹款活动，为“南苏丹饮水”组织筹集了超过14000美元。这些照片展示的，是在当地社区实际建成的水井，那里的居民如今终于用上了清洁饮用水。

58 Truly amazing work. Thank you for reminding us that no matter how far away you are, you can make an impact. That's all for this month's 10 out of 10.

你们的行动真的很棒。谢谢你们让我们看到，无论相隔多远，每个人都能带来改变。本月的“十分满分”到这里就结束了。

59 If you want to be featured in August's edition, send us your dubs, your victories, your yes-I-did-its, and your goals all to cnn10 @cnn.com. Go make today awesome. Make someone smile. Help someone who needs it because kindness is contagious.

如果你想在八月的节目中亮相，请把你们的佳绩、胜利、“我做到了”的时刻，以及你们的目标，发送到cnn10@cnn.com。让今天过得精彩吧。让某个人露出笑容，帮助需要帮助的人，因为善意会传递。

60 Remember, you are more powerful than you know. We'll see you next time. I'm Coy Wire, and we are CNN 10.

记住，你比自己想象的更有力量。我们下次见。我是科伊·怀尔，这里是CNN 10。
