01 What's up, sunshine? Coy Wire here with your CNN 10 Minutes of News for July 17th, another summer Friday edition catching us up on some of the biggest storylines of the week. If you're wondering about the background, it's because this dude wore this shirt, and I just look like a floating head. So here we are.

阳光伙伴们，大家好！我是科伊·怀尔，欢迎收看7月17日的CNN 10十分钟新闻。这又是一期夏日周五特辑，带大家回顾本周几条重大新闻。如果你对这个背景感到好奇，那是因为我这家伙穿了这件衬衫，看上去只剩一个悬浮的脑袋了。所以就成了现在这样。

02 Let's start today with a little brain teaser. If you have three, you have three. If you have two, you have two.

今天先来个脑筋急转弯。如果你有三个，那你就有三个；如果你有两个，那你就有两个。

03 But if you have one, you have none. What is it? I'll give you a second. Give up?

但如果你只有一个，那你就一个都没有。这是什么？给你一点时间。要放弃了吗？

04 Answer is a choice, because if you only have one, it's not a choice.

答案是“选择”，因为如果只有一个选项，就算不上有选择。

05 So thank you for choosing to spend part of your day with us. Now let's get to your news. We're kicking off this with the world's biggest sporting event.

谢谢你选择在今天抽出时间陪伴我们。现在来看新闻，首先关注世界上规模最大的体育盛事。

06 Earlier this week, the World Cup semifinals took place in Dallas. France's Kylian Mbappé and Ousmane Dembele looking to reach a third straight World Cup final facing Spain with 19-year-old sensation Lamine Yamal, who plays like pressure is just another defender to dribble past.

本周早些时候，世界杯半决赛在达拉斯举行。法国队的基利安·姆巴佩和奥斯曼·登贝莱力争连续第三次打进世界杯决赛，他们面对的是拥有19岁天才球员拉明·亚马尔的西班牙队。对亚马尔而言，压力仿佛只是又一名可以带球过掉的防守队员。

07 Then in Atlanta, it was defending champs Argentina led by 39-year-old Lionel Messi in what could be his final World Cup, taking on England, looking to lift its first World Cup trophy since 1966.

随后在亚特兰大，卫冕冠军阿根廷队在39岁的利昂内尔·梅西率领下迎战英格兰队。这可能是梅西最后一次参加世界杯，而英格兰队希望捧起自1966年以来的首座世界杯奖杯。

08 Now the stage is set. It'll be Spain taking on Argentina on Sunday in New Jersey. One match, 90 minutes, maybe more, and a chance to become the team their nation remembers forever.

现在，决赛舞台已经搭好。周日，西班牙将在新泽西迎战阿根廷。一场比赛，九十分钟，也可能更久，两队都有机会成为让全国人民永远铭记的球队。

09 Now to a microscopic menace that's having a hugeimpact on cookouts all across the country this summer. It's a single-celled parasite called Cyclospora, wreaking havoc in several states. It causes a condition called cyclosporiasis, which can include weeks of uncomfortable gastrointestinal issues.

接下来关注一个微小的威胁，它今年夏天给全国各地的户外聚餐带来了巨大影响。这是一种叫环孢子虫的单细胞寄生虫，正在多个州肆虐。它会引起环孢子虫病，可能造成持续数周、令人不适的胃肠道问题。

10 While state and federal investigators say they've yet to determine the source behind the surge in cases, Cyclospora commonly passes to humans via raw fruits and vegetables. Our Jacqueline Howard has some tips on what to do to avoid it and what to do if you come down with a serious stomach bug.

州和联邦调查人员表示，病例激增的源头尚未确定。环孢子虫通常通过生的水果和蔬菜传播给人。我们的杰奎琳·霍华德将介绍如何预防，以及出现严重胃肠道感染时该怎么办。

11 Here's what you need to know. In some cases, this illness has been tied to eating fresh produce. And the illness that we're talking about here is called Cyclosporiasis. It's caused by the parasite Cyclospora.

以下是你需要了解的信息。在一些病例中，这种疾病与食用新鲜农产品有关。我们说的疾病叫环孢子虫病，由环孢子虫这种寄生虫引起。

12 And health officials are investigating cases across several states. In some of those states, Illinois, New York, Pennsylvania, and Texas, cases have been linked to eating fresh produce from Mexican-style restaurants, local chain grocery stores, and catered events. Some examples of produce potentially include cilantro, onions, and cucumbers.

卫生官员正在多个州调查病例。在伊利诺伊、纽约、宾夕法尼亚和得克萨斯等州，部分病例与食用墨西哥风味餐馆、当地连锁杂货店和餐饮承办活动提供的新鲜农产品有关。可能涉及的农产品包括香菜、洋葱和黄瓜。

13 Now there are at least eight additional clusters of cases that are still under investigation in several other states as well. And Cyclosporiasis, it causes intestinal illness. So symptoms include watery diarrhea, in some cases, explosive diarrhea.

另外几个州至少还有八起聚集性病例仍在调查中。环孢子虫病会引起肠道疾病，症状包括水样腹泻，有些病例会出现喷射性腹泻。

14 And these symptoms can last for weeks. The illness can be treated with antibiotics, but it can be a very miserable illness.

这些症状可能持续数周。这种病可以用抗生素治疗，但患病过程可能非常痛苦。

15 So you want to avoid getting sick in the first place. To do that, avoid food or water that may be contaminated with feces. Experts say that's how this parasite can spread. Also, make sure you thoroughly wash any fresh fruits or vegetables that you have.

所以，最好一开始就避免感染。为此，要避开可能受到粪便污染的食物或水，专家表示寄生虫就是这样传播的。此外，一定要彻底清洗新鲜水果和蔬菜。

16 If you have firm fruits like melons, scrub them with a brush. And basic hygiene goes a long way. Wash your hands with soap and water, especially before preparing food. Back to you.

像瓜类这样质地较硬的水果，要用刷子刷洗。保持基本卫生也很管用：用肥皂和水洗手，尤其是在准备食物之前。把镜头交还给你。

17 All right. On Capitol Hill, lawmakers are rememberinga longtime public servant whose career stretched across decades.

好的。在国会山，议员们正在追思一位职业生涯跨越数十年的资深公职人员。

18 South Carolina Republican Lindsey Graham died last Saturday after suffering an aortic dissection caused by cardiovascular disease, according to the D.C. Medical Examiner. The 71-year-old served in the Senate for 23 years, was a congressman before that. He was an Air Force veteran, also ran for president in 2016.

据华盛顿特区法医办公室称，南卡罗来纳州共和党人林赛·格雷厄姆因心血管疾病引发主动脉夹层，于上周六去世，享年71岁。他曾任参议员23年，此前担任众议员。他是空军退伍军人，也曾参加2016年总统竞选。

19 Senator Graham was also up for reelection, and the filing period for candidates interested in running for the seat begins next Tuesday.

格雷厄姆参议员原本还将寻求连任。有意竞逐该席位的候选人，可从下周二开始登记参选。

20 Pop quiz hotshot. A group of rhinos is known as what? A thunder, a crash, a rumble, or a stomp? If you said crash, you rhino-your-stuff.

随堂小测验，高手接招！一群犀牛在英语里叫什么？Thunder、crash、rumble，还是stomp？如果你选crash，那你可真懂“犀”识！

21 And if you're wondering where the term originated, just picture a pack of these prodigious pachyderms charging through the brush. Between their massive size and poor eyesight, rhino's not exactly known for their agility.

如果你想知道这个称呼的由来，想象一群庞大的厚皮动物冲过灌木丛就明白了。体型巨大、视力又差，犀牛可不是以身手敏捷著称的。

22 On the black market, a single rhino horn can fetch tens of thousands of dollars, making the animals dangerously appealing to poachers.

在黑市上，一只犀牛角能卖出数万美元，这让犀牛成为偷猎者极具吸引力的目标，也使它们陷入险境。

23 But in South Africa, one remarkable team is fighting back. They're called the Black Mambas, an all-woman group of wildlife rangers protecting wildlife from poaching, not with guns, not with bullets, but with a keen eye and relentless patrols. Garbhajan Hossaini wrote along to see how they get it done.

但在南非，有一支非凡的团队正在反击。她们名叫“黑曼巴”，是一支全由女性组成的野生动物巡护队。她们保护动物免遭偷猎，依靠的不是枪弹，而是敏锐的观察和坚持不懈的巡逻。记者加尔巴詹·侯赛尼随队采访，了解她们如何工作。

24 This is Greater Kruger National Park in South Africa, nearly 5 million acres of wilderness and home to some of the most extraordinary wildlife on the planet, including some of the last black rhinos on earth. There are just over 200 of them left in this park. Protecting them is a group unlike any other. The Black Mambas.

这里是南非大克鲁格国家公园地区，拥有近五百万英亩的荒野，也是地球上一些最非凡野生动物的家园，包括世界上仅存的一部分黑犀牛。园内只剩两百多头黑犀牛。守护它们的是一支与众不同的队伍：“黑曼巴”。

25 36 strong, battle-hardened, relentless, and unapologetically entirely female. Rhino poaching across South Africa fell 16% last year according to government data.

她们有36名队员，久经考验、坚韧不拔，而且毫不掩饰对全女子阵容的自豪。政府数据显示，去年南非全国的犀牛偷猎数量下降了百分之十六。

26 But inside Kruger, it nearly doubled. Here a black or white rhino is poached on average every 50 hours. Rhinos here are targeted for one reason. Their horn.

但在克鲁格园内，偷猎数量却几乎翻倍。这里平均每五十小时，就有一头黑犀牛或白犀牛被偷猎。它们被盯上的原因只有一个：犀牛角。

27 The black market is mostly driven by demand in Vietnam and China, where it's used in traditional medicine and as a status symbol, despite the fact that it has no proven medicinal value at all.

黑市主要由越南和中国的需求推动。犀牛角在那里被用于传统医药，也被视为身份象征，尽管没有任何经过证实的药用价值。

28 To stop this trade, the Mambas patrol nearly 40,000 acres every single day. And they do it completely unarmed. It's an unconventional approach in a world where most anti-poaching units carry weapons. It's not an oversight. It's a philosophy.

为了遏制这项交易，“黑曼巴”每天巡逻近四万英亩土地，而且完全不携带武器。在大多数反偷猎队伍都配备武器的环境中，这种做法很不寻常。这不是疏忽，而是一种理念。

29 Poachers are dangerous. And you all operate unarmed. That seems like a bad idea to me.

偷猎者很危险，而你们工作时都不带武器。我觉得这似乎不太妥当。

30 Actually, it is a good idea to us because it's been 12 years doing this. None of us has been killed by poachers.

其实我们觉得这样很好，因为我们已经这么做了十二年，没有一人被偷猎者杀害。

31 And that's because we constantly get trained. But also we're not threats to the poachers.

这是因为我们不断接受训练，同时我们也不会对偷猎者构成威胁。

32 So how do you prevent them if they know you don't have guns, if you can't hurt them?

那如果他们知道你们没有枪、伤不了他们，你们怎么阻止他们呢？

33 So they know that we're not going to hurt them, then there's no need for them to use their bullets on us as we're not going to respond.

他们知道我们不会伤害他们，也不会还击，就没有必要向我们开枪。

34 But your presence will still scare them away.

但你们的出现还是能把他们吓跑。

35 Our presence scares them away because they don't want to be seen. They don't want to be arrested.

我们的出现会吓跑他们，因为他们不想被人看见，也不想被逮捕。

36 So they just want to come inside the reserve, kill the rhino, get the horn and out. And that's why they're always running.

他们只想进入保护区，杀死犀牛，拿走犀牛角，然后离开。所以他们总是在逃跑。

37 Before the Black Mambas, women were largely shut out of frontline ranger roles in this region. These women didn't just change how this reserve is protected. They opened a door that didn't exist.

在“黑曼巴”成立之前，当地女性基本被排除在一线巡护岗位之外。这些女性不仅改变了保护区的守护方式，还开辟了一条从前不存在的道路。

38 So many people didn't believe in us, but we have proved a lot of them wrong.

很多人不相信我们，但我们用行动证明，其中许多人看错了。

39 They learned on us in the reserve. When we do roadblock sometimes in those first years, some of them, they wouldn't even allow us to search them or to touch their car. When now they have elephants are breaking into their house, into their lodges and like things are missing. Now they call the Black Mambas.

他们逐渐在保护区里认识了我们。最初几年，有时我们设路障检查，一些人甚至不让我们搜身，也不许碰他们的车。而现在，当大象闯进他们的房屋或旅舍，或有东西不见时，他们就会打电话找“黑曼巴”。

40 Today's story, getting a 10 out of 10, a new twist on summer camp where sparks are flying literally. They're calling it the heavy metal summer experience.

今天获得“十分满分”的故事，是一种新颖的夏令营，那里真的火花四溅。它叫“重金属夏日体验”。

41 The point is to give teens hands on experience with trades like welding, HVAC repair and electrical work. It started as one camp in Palo Alto, California. It's now expanded to 62 locations in the US and Canada.

这个项目旨在让青少年亲手体验焊接、暖通空调维修和电工等技能。它最初只是加州帕洛阿尔托的一处营地，如今已扩展到美国和加拿大的62个地点。

42 When we got hands on with power drills and saws and all kinds of different things, I was really, really excited.

当我们亲手使用电钻、电锯和各种工具时，我真的特别兴奋。

43 There's historically a stigma with blue collar and construction, and we need to eliminate that.

蓝领工作和建筑行业一直受到一些偏见，我们需要消除这种观念。

44 This actually provides a five year college program through Foothill.

这个项目实际上还通过富特希尔学院提供一个五年制的大学培养项目。

45 It was free and I was getting paid to work. So it was great.

培训免费，工作还能拿工资，所以非常棒。

46 Organizers say one motivation looking to address a major labor shortage across these industries.It's estimated that there will be a need for two million skilled trades workers in under five years, and they tout that an apprentice can earn a six figure salary by their seventh year.

组织者表示，举办项目的一个原因，是希望缓解这些行业严重的劳动力短缺。预计不到五年就将需要两百万名技术工人。他们还表示，学徒到第七年时，年薪可以达到六位数美元。

47 All right, Sunshine, we have two shout outs today. This first one goes to Mrs. McNeil and Mr. Turway at Northeast Regional Correction Center in Saginaw, Minnesota.Thank you so much for making us a part of your summer and keep up the great work.

好了，阳光伙伴们，今天有两组点名致意。首先是明尼苏达州萨吉诺东北地区矫正中心的麦克尼尔女士和特韦先生。非常感谢你们让我们成为你们夏日生活的一部分，请继续加油。

48 Next shout out. This one goes to Mrs. Allard at St. Thomas the Apostle School in West Springfield, Massachusetts.

下一组致意，送给马萨诸塞州西斯普林菲尔德圣托马斯使徒学校的阿拉德老师。
