01 What's up, sunshine? I'm Coy Wire. This is CNN 10, the best 10 minutes in news. Hope you are finding fun ways to spend your summer.

阳光伙伴们，大家好！我是科伊·怀尔。这里是CNN 10，最精彩的十分钟新闻。希望你们找到了有趣的方式享受夏天。

02 I've just been practicing my ABCs backwards. ZYXWVUTSRQPONMLKJIHGFEDCBA. It's going okay so far.

我刚才一直在练习倒背字母表：ZYXWVUTSRQPONMLKJIHGFEDCBA。目前还算顺利。

03 Today, we have one famous sneaker company lacing up for an AI makeover. And we're going to show you a soccer league proven you don't need superstar salaries to create superstar passion, but first, another nation hits the pause button on social media.

今天，一家知名运动鞋公司正在为人工智能转型“系好鞋带”。我们还将介绍一个足球联赛，证明即使没有巨星级薪酬，也能点燃巨星级热情。不过首先，又有一个国家对社交媒体踩下了刹车。

04 We begin in France, making headlines this week,not just for the Tour de France, but for becoming the first country in the European Union to ban social media for those under the age of 15.

先看法国。本周它登上新闻头条，不只是因为环法自行车赛，还因为它成为欧盟首个禁止15岁以下人群使用社交媒体的国家。

05 French lawmakers overwhelmingly voted Tuesday in favor of the bill, which was championed by President Emmanuel Macron. He will now sign it into law. Macron pushed lawmakers to move quickly so the new rules could be in place before students head back to school.

法国议员周二以压倒性多数通过了总统埃马纽埃尔·马克龙支持的法案，他接下来将签署使其成为法律。马克龙敦促议员加快行动，以便新规定赶在学生返校前落实。

06 This September, the new law will be enforced by France's audio, visual and digital communications regulator are calm. The agency says French teenagers spend an average of nearly 90 minutes every day on Tick Tock alone. The ban is expected to apply to major social media platforms, although exactly how companies will verify users ages is still being worked out.

今年九月，这项新法律将由法国视听及数字通信监管机构Arcom执行。该机构表示，法国青少年仅在TikTok上，每天平均就花费近九十分钟。预计禁令将适用于主要社交媒体平台，但企业具体如何核验用户年龄，仍在商议中。

07 Some parents say it's a step in the right direction. Others wonder whether it goes far enough. France isn't alone. Of course, Australia made history last year by banning social media for children under 16. The United Kingdom plans similar restrictions next year, while Spain, Greece and Denmark are exploring minimum age requirements of their own.

一些家长认为这是朝正确方向迈出的一步，也有人怀疑力度是否足够。法国并非孤例。澳大利亚去年率先禁止16岁以下儿童使用社交媒体，英国计划明年采取类似限制，西班牙、希腊和丹麦也在研究各自的最低年龄要求。

08 Next up, imagine your favorite shoe company saying we're done making shoes. Well, if this sounds like it's a setup to a joke, it's not it is real.

接下来，想象你最喜欢的鞋企突然宣布：“我们不做鞋了。”如果听起来像是在为笑话铺垫，那可不是，这是真的。

09 Earlier this year, iconic sneaker maker Allbirds stunned customers by announcing it was stepping away from footwear and reinventing itself as an artificial intelligence company called SmartBird. What sounds like an April Fool's prank has become one of the boldest examples yet of businesses betting their futures on AI. Our Claire Duffy spoke to the SmartBird president and CEO about the company's decision to go all in on artificial intelligence.

今年早些时候，知名运动鞋品牌Allbirds宣布退出鞋履业务，转型为一家名叫SmartBird的人工智能公司，令顾客震惊。这件听着像愚人节玩笑的事，成了企业把未来押在人工智能上的最大胆案例之一。我们的克莱尔·达菲采访了SmartBird总裁兼首席执行官，了解公司全面投入人工智能的决定。

10 The company that made these sneakers is dropping Allbirds for AI. News this spring that Allbirds was rebranding as SmartBird sent the company's shares soaring nearly 600%. But it also left some wondering whether it was a joke or a gimmick. New CEO Nadia Carlsten says she's very serious.

生产这些运动鞋的公司正放下Allbirds，转投人工智能。今年春天，Allbirds将更名为SmartBird的消息推动公司股价飙升近百分之六百，但也让一些人怀疑这是笑话还是噱头。新任首席执行官纳迪娅·卡尔斯滕表示，她非常认真。

11 There's a lot backing this up. It's the fact that we have a new company now very much dedicated to AI. We have a board that is committed and this is something that I have done before. So I know that it's a market that exists and something that we can deliver.

这背后有很多支撑。我们现在是一家专注于人工智能的新公司，董事会决心坚定，而且这也是我以前做过的事。因此，我知道这个市场真实存在，也知道我们能够交付相应服务。

12 SmartBird wants to provide computing power for companies to run AI systems, a business that is dominated by giants like Amazon, Google and Microsoft.

SmartBird希望为企业运行人工智能系统提供算力。这一领域目前由亚马逊、谷歌和微软等巨头主导。

13 AI is so hot right now. This is maybe an unusual way to start an AI company. But it wouldn't be unusual for a company that wants to provide value to choose to be an AI.

人工智能现在非常热门。以这种方式成立人工智能公司或许不寻常，但一家希望创造价值的公司选择投身人工智能，并不奇怪。

14 It's not the first time a struggling legacy company has made a bold bet on a hyped up new technology. And it doesn't always pan out.

经营困难的老牌企业大胆押注被热炒的新技术，并非第一次，而且结果并不总能成功。

15 In 2018, film company Kodak announced it was going all in on blockchain and launching its own cryptocurrency. While that news initially sent the company's stock up, the effort quickly fizzled.

2018年，胶片公司柯达宣布全面投入区块链，并推出自己的加密货币。消息最初推高了股价，但这项尝试很快就不了了之。

16 Last year, Kodak warned investors it was on the verge of bankruptcy. But SmartBird's Carlsten says she's confident about the opportunity in AI. As for whether she'll miss the shoes.

去年，柯达警告投资者，公司濒临破产。不过SmartBird的卡尔斯滕表示，她对人工智能领域的机会很有信心。至于会不会想念那些鞋子……

17 I actually never owned an Allbirds shoe. People talk about Allbirds being the preferred shoe brand of tech bros. And of course, I am in this space, but I'm one of the few women in the AI infrastructure business. So I'm not a tech bro. And I actually tend to prefer high heels myself.

其实我从来没有买过Allbirds的鞋。人们说它是“科技男”最爱的鞋履品牌。当然，我也在科技领域，但我是人工智能基础设施行业里为数不多的女性之一，所以我不是“科技男”。实际上，我自己更喜欢高跟鞋。

18 Pop quiz hotshot.Roughly how long does it take sunlight to reach Earth? Eight minutes, 15 minutes, 27 minutes or 43 minutes?

随堂小测验，高手接招！阳光到达地球大约需要多久？八分钟、十五分钟、二十七分钟，还是四十三分钟?

19 If you said eight minutes, you are sunsational. Even though the sun is about 93 million miles away, it's light reaches us in just eight minutes and 20 seconds. That's less time than this show.

如果你选八分钟，那可真是光芒四射！虽然太阳距离我们约九千三百万英里，但阳光只需八分二十秒就能到达，比这期节目还短。

20 Summer break is here. That might mean more beach trips, more camping trips. And if your parents or anything like mine, they're probably yelling, put your sunscreen on, son. Or maybe trying to get you to wear one of those sun shirts when you're swimming.

暑假来了，大家可能会更多地去海边、去露营。如果你的父母像我的父母一样，他们大概会喊：“孩子，涂上防晒霜！”也可能会要求你游泳时穿上防晒泳衣。

21 So how much does that stuff really work, though? And just how dangerous is the sun that we need to protect ourselves from it? We are going to turn to our very own CNN medical correspondent Meg Terrell for some answers. Meg, just how dangerous is the sun that we need to protect ourselves from it?

不过，这些东西到底有多管用？太阳究竟有多危险，需要我们如此防护？我们请CNN医学记者梅格·特雷尔来解答。梅格，太阳到底有多危险，为什么需要防护？

22 Hi, Coy. Well, the main reason is that the sun produces something called UV rays or ultraviolet light. Now, some of it can be good, helping the body produce vitamin D, but too much can damage the skin cells and potentially lead to skin cancer.

你好，科伊。主要原因是太阳会产生UV，也就是紫外线。适量紫外线有益，能帮助身体合成维生素D，但过量会损伤皮肤细胞，并可能导致皮肤癌。

23 And we definitely want to avoid that. So what are some of the best ways to protect ourselves from the sun?

那肯定是我们要避免的。有哪些比较好的防晒方法?

24 Well, covering up, wearing a swim shirt, a hat, sunglasses, and of course, sunscreen. There are a couple of different types, chemical and mineral or physical.

遮盖皮肤、穿防晒泳衣、戴帽子和太阳镜，当然还要涂防晒霜。防晒霜分几种类型，包括化学防晒和矿物防晒，也称物理防晒。

25 And the main difference is the way they provide protection against the sun. Chemical sunscreens usually contain ingredients like avobenzone and octisalate. They work by absorbing the sun's rays and preventing them from damaging the skin.

主要差别在于防护方式。化学防晒霜通常含有阿伏苯宗、水杨酸乙基己酯等成分，通过吸收太阳光线，防止它们损伤皮肤。

26 Mineral or physical sunscreens have ingredients like zinc and titanium dioxide, and they work more like a shield that reflects UV light off the skin.

矿物或物理防晒霜含有锌类成分和二氧化钛，更像一面盾牌，把紫外线从皮肤表面反射出去。

27 The main difference is chemical sunscreens take a few minutes to become effective. So be sure to apply early before going out into the sun.

主要区别是化学防晒霜需要几分钟才起效，因此出门晒太阳前，一定要提前涂好。

28 Either way, you want to make sure you get at least SPF 15 and make sure it's broad spectrum. So protecting against both UVA and UVB rays and apply it liberally to any skin that's exposed to the sun. You want to make sure you reapply every two hours that you're outside and after swimming.

无论哪种，都要确保防晒系数至少为SPF 15，并且是广谱型，也就是同时防护UVA和UVB。所有暴露在阳光下的皮肤都要足量涂抹。户外活动时每两小时补涂一次，游泳后也要补涂。

29 And if you're using a spray form, make sure it actually goes where you're intending and not off into the wind.

如果用的是喷雾，要确保它真的喷到了想保护的地方，而不是被风吹走。

30 Okay, sunscreen and a hat. Got it. Now, what if it's cloudy? Then do I have to wear it?

好的，防晒霜和帽子，记住了。如果是阴天呢？那还需要用吗?

31 Well, a good rule of thumb is to check the UV index for the day. Any day it's three or higher is a day for sun protection.

一个实用的经验法则，是查看当天的紫外线指数。只要达到三或更高，就需要做好防晒。

32 Meg Terrell, thank you so much. And how fitting is it that we're talking about sun protection because July is UV awareness month. So as you're having fun this summer, take that extra second or two to put on that sunscreen, your future skin will thank you.

非常感谢梅格·特雷尔。我们谈防晒正合时宜，因为七月是紫外线防护宣传月。所以，夏天玩得开心时，也多花一两秒涂好防晒霜，未来的皮肤会感谢你。

33 The 2026 World Cup is officially in the books.

2026年世界杯正式落幕。

34 Congrats once again to Spain for taking home the trophy. But while soccer's biggest stage has gone dark, the beautiful game is still shining in some unexpected places. In China, a league that began in one of the country's poorest provinces has become a national sensation and fans cannot get enough. Our Mike Valerio has more on how one special league is refreshing reminder that sometimes the purest version of sport isn't played under the brightest lights. It's played for hometown pride.

再次祝贺西班牙捧杯。虽然足球最大的舞台已经熄灯，这项美丽的运动仍在一些意想不到的地方闪耀。在中国，一个起源于全国较贫困省份之一的联赛，已成为全国性的热门现象，球迷们看得意犹未尽。迈克·瓦莱里奥将介绍，这个特别的联赛如何令人耳目一新地提醒我们：最纯粹的体育有时并不在最耀眼的聚光灯下，而是为了家乡的荣誉而进行。

35 On the pitch in a remote corner of northern China, the chanting, dancing and thousands of fans hanging on every shot.

在中国北部一个偏远角落的球场上，人们高声呐喊、载歌载舞，数千名球迷紧盯着每一次射门。

36 This isn't the World Cup. This is Cun Chao China's amateur village Super League.

这不是世界杯，而是“村超”，中国的业余乡村超级联赛。

37 Right back, Tong Zihao and his teammates are one win away from Cun Chao glory.

右后卫童子豪和队友们距离村超荣耀只差一场胜利。

38 But first, he has teeth to fix. Tong, the dentist becomes Tong, the defender.

但首先，他还有牙齿要修。牙医小童即将变身后卫小童。

39 You could say it's a dream come true. Standing in the spotlight like this, it's not something I normally get the chance to experience.

可以说是梦想成真。这样站在聚光灯下，是我平时很少有机会体验的事情。

40 Like Tong, nearly all the players have day jobs. Professionals are barred, giving amateurs a stage of their own.

和童一样，几乎所有球员都有自己的日常工作。职业球员不得参赛，让业余球员拥有专属舞台。

41 That grassroots model reverses the top down path Chinese soccer has pursued for years. Beginning in the 2010s, China's property giants spent billions bringing international stars into the professional league. The spending brought a brief burst of success before China's property boom unraveled, along with bribery and match fixing scandals.

这种草根模式颠倒了中国足球多年来自上而下的发展路径。从2010年代开始，中国房地产巨头投入数十亿美元，把国际球星带入职业联赛。巨额投入带来过短暂成功，但随后房地产繁荣崩解，又出现了贿赂和假球丑闻。

42 All this despite Chinese leader Xi Jinping himself an avid fan, making soccer a national priority.

尽管中国领导人习近平本人是热心球迷，并将足球发展列为国家重点，仍出现了这样的局面。

43 So there are no multimillion dollar contracts here. As soon as all these guys are done work, they pack up their things, drive for hours, put on their cleats and come here because of their love of the game.

所以，这里没有价值数百万美元的合同。这些人一下班，就收拾东西、开上几个小时的车、穿好球鞋，来到这里，只因为热爱足球。

44 While Tong and his team step onto the pitch for the final, the entire community gathers at the stadium near festive performances and bustling night markets. But above all, they're here to cheer on their home team. Sun Chao offers what money and mandates struggle to produce, local stars playing for the communities, cheering them on.

当童和队友踏上决赛场地，整个社区都聚集到体育场，旁边还有热闹的表演和繁忙的夜市。但最重要的是，大家来为家乡球队加油。村超提供了金钱和行政要求难以造就的东西：本地球星为支持他们的社区而战。

45 Today's story getting a 10 out of 10, a nutty world record that is sure to crack you up. The town of Luverne, Minnesota claims to have more nutcrackers than people, and they've added one giant addition to their roster. The world's tallest nutcracker, Verne the Patriot stands at a jaw dropping 66 feet tall.

今天获得“十分满分”的故事，是一项与坚果有关、让你开怀大笑的世界纪录。明尼苏达州卢文镇号称胡桃夹子比居民还多，如今收藏阵容又添了一个巨无霸。世界最高的胡桃夹子“爱国者弗恩”，高达惊人的66英尺。

46 That's more than twice the height of the previous record holder in Neuhausen, Germany. And yes, the star spangled superstar has a working jaw. The nutcracker craze was started by 96 year old local legend Betty Mann, who donated her epic collection to the town to help drive tourism.

这个高度是此前德国诺伊豪森纪录保持者的两倍多。没错，这位披着星条旗的巨星，下颌还真的能活动。胡桃夹子热潮的发起者是96岁的当地传奇人物贝蒂·曼，她把庞大的收藏捐给小镇，希望带动旅游。

47 Nutcrackers aren't just a holiday tradition in Luverne. They're a year round celebration. Every summer, the town hosts nutcracker fest proving they're willing to go to great lengths to crack a smile safe to say Betty and company are crushing it.

在卢文，胡桃夹子不只是节日传统，而是全年庆祝的主题。小镇每年夏天都会举办胡桃夹子节，证明大家愿意不遗余力地逗人一笑。可以说，贝蒂和伙伴们干得漂亮。

48 All right, rise up. We have two shout outs today. This first one goes to Miss Tara at Lakeside International School in Guanacaste, Costa Rica. Thank you for hanging out with us today and pura vida.

好了，打起精神！今天有两组致意。首先送给哥斯达黎加瓜纳卡斯特湖畔国际学校的塔拉老师。谢谢你们今天收看，pura vida！

49 pura vida: Have a great day!

pura vida：祝你今天过得愉快！

50 Next up we have Mrs. Gee or Miss Gee for Mrs. Great at the Misericordia School in Chicago, Illinois. Thank you for subscribing and commenting on our YouTube channel and making CNN 10 part of your classroom.

接下来是伊利诺伊州芝加哥Misericordia学校的吉老师，也可以叫她“Great（很棒）老师”的G老师。感谢你们订阅我们的YouTube频道、留言，并让CNN 10成为课堂的一部分。

51 Stay cool. Stay curious. Stay kind.

保持清凉，保持好奇，保持善良。

52 Make someone smile today. Remember you are more powerful than you know. I'm Coy Wire and we are CNN 10.

今天让某个人露出笑容吧。记住，你比自己想象的更有力量。我是科伊·怀尔，这里是CNN 10。
