01 Hello, hello, and welcome to the show. Wonderful Wednesday to you. It is a Your Word Wednesday, so listen to see if the vocabulary word one of you submitted helped us write today's show.

大家好，欢迎收看节目。祝你周三愉快！今天是“周三你的词语”，留意听听，你们投稿的词是否帮助我们写进了今天的节目。

02 I'm Coy Wire, this is CNN 10, and today is August 19th. So let's start off with a on this day in history, man's best friend helped change the space race forever. On August 19th, 1960, two canine cosmonauts named Belka and Strelka blasted off aboard the Soviet spacecraft Sputnik V, becoming the first dogs to orbit Earth and make it home alive.

我是科伊·怀尔，这里是CNN 10，今天8月19日。先看历史上的今天：人类最好的朋友，永久改变了太空竞赛。1960年8月19日，两只名叫贝尔卡和斯特列尔卡的狗狗宇航员，乘苏联“卫星5号”升空，成为第一批绕地球飞行并活着返回的狗。

03 And they weren't flying solo. Along for the ride, a rabbit, rats, dozens of mice, and assorted plants and fungi, basically Noah's Ark space edition. They orbited the Earth 17 times, spending more than a day in space.

它们并不孤单，同行的还有一只兔子、大鼠、数十只小鼠，以及各种植物和真菌，简直是太空版诺亚方舟。它们绕地球十七圈，在太空停留了一天多。

04 The pups followed Laika, a Soviet dog who became the first living creature to be sent into space in 1957, but sadly did not survive. Belka and Strelka, Russian for squirrel and little arrow, became instant folk heroes back home, and threw the US-Soviet space race into overdrive. Just nine months later, Russia's Yuri Gagarin became the first person in space.

在它们之前，苏联小狗莱卡于1957年成为首个被送入太空的生物，但遗憾未能生还。贝尔卡和斯特列尔卡的俄语名字意为“松鼠”和“小箭”，回国后立刻成为民间英雄，也让美苏太空竞赛加速。仅九个月后，苏联的尤里·加加林成为首位进入太空的人。

05 Less than a decade later, in 1969, the US landed on the moon as part of the Apollo 11 mission. So before humans took one giant leap, a couple of very good girls took some pretty important first steps.

不到十年后，1969年，美国通过阿波罗11号任务登上月球。所以，在人类迈出那一大步之前，两只乖狗狗先走出了非常重要的几步。

06 Opening arguments begin today in what could become Meta's most consequential legal battle yet over young people and social media.

今天，一场可能成为Meta迄今影响最深远、涉及青少年与社交媒体的诉讼，开始进行开庭陈述。

07 Attorneys general have accused the company behind Instagram and Facebook of deliberately designing features to keep children hooked, while misleading the public about potential harms and improperly collecting some children's data.

多位州总检察长指控，这家Instagram和Facebook母公司故意设计让儿童沉迷的功能，误导公众对潜在危害的认识，并不当收集部分儿童数据。

08 META denies these allegations, saying it has invested heavily in protections for teens. Our Claire Duffy has more on exactly what's at stake and how this trial could reshape the social landscape. Hi, Claire.

Meta否认指控，表示已投入大量资源保护青少年。克莱尔·达菲介绍此案究竟关系什么，以及它可能如何重塑社交媒体。你好，克莱尔。

09 Hey, Coy. Yeah, we have been following this year this string of thousands of lawsuits that have been filed against META and the other big social media platforms, accusing them of creating addictive platforms that have harmed the mental health of young users.

你好，科伊。今年我们一直关注针对Meta和其他大型社交平台的数千起诉讼。这些诉讼指控它们创建令人上瘾的平台，损害年轻用户的心理健康。

10 META has already lost two of those cases this year, putting it on the hook for nearly a billion dollars in damages. But what really sets this case that kicks off this week apart is the scale of the potential consequences for META. The state attorneys general who have brought this case are seeking as much as $1.4 trillion, trillion with a T, dollars in damages.

Meta今年已在其中两案败诉，须承担近十亿美元赔偿。但本周开审的案件，特别之处在于潜在后果的规模。提起诉讼的州总检察长，索赔高达一点四万亿美元，是万亿美元。

11 And even if they don't get that big of a number, which is nearly as much as META is worth on Wall Street, they're also seeking changes to how META operates its platform. So if META loses this case, we could see really significant changes to how all of us experience social media. This trial that kicked off in federal court in Oakland is part of a case that was brought by 29 state attorneys general.

即使他们拿不到这么大、几乎相当于Meta华尔街市值的金额，也要求改变平台的运营方式。因此，Meta若败诉，我们所有人使用社交媒体的体验，都可能发生重大变化。这场在奥克兰联邦法院开始的审判，是29名州总检察长提起案件的一部分。

12 It will be argued by lawyers for four of those states who claim that META intentionally designed its platforms to be addictive with features like the endlessly scrolling feeds and the recommendation algorithms, and that all of that has contributed to a mental health crisis among young people in their states.

其中四个州的律师将出庭，主张Meta有意通过无限滚动的信息流和推荐算法等功能，让平台令人上瘾，助长了本州年轻人的心理健康危机。

13 They also claim that META misled the public about the risks from its platforms and that it illegally gathered data from children under the age of 13. And now META is pushing back hard on these claims.

他们还指控Meta误导公众对平台风险的认识，并非法收集十三岁以下儿童的数据。Meta正在强烈反驳这些说法。

14 In a statement, a company spokesperson told us, quote, the AGs offer no proof that anyone in their states was misled, claim benign features like having an additional Instagram account somehow harmed their residents, and attempt to penalize META for industry wide challenges like age verification.

公司发言人在声明中表示：“总检察长们没有证据证明各州有人被误导，却声称多开一个Instagram账号等无害功能，莫名伤害了居民，还试图因年龄核验这样的全行业难题处罚Meta。”

15 Rather than sticking to the facts or the law, the states have instead decided to chase an outlandish payout. Now, Coy, a jury, will have the chance to consider those arguments and they will advise the judge who will be responsible for the ultimate verdict in this case.

“各州没有坚持事实或法律，而是选择追求离谱的赔偿。”科伊，接下来陪审团将审视这些论点，并向负责最终裁决的法官提供意见。

16 And it's going to be a long one. It's expected to last around seven weeks, so I will be back with updates.

审理会持续很久，预计约七周，我会继续带来更新。

17 One of the biggest names in fast fashion could soon go public with a surprising price tag.

快时尚领域最知名的企业之一，可能很快上市，但估值令人意外。

18 Chinese e-commerce giant SHEIN is gearing up for long-awaited initial public offering, or IPO, when a private company sells shares to the public for the first time. For a company, that can mean raising a mountain of money to expand, and for everyday investors, it means getting a chance to own a tiny piece of the business. SHEIN was valued at nearly $100 billion just a few years ago.

中国电商巨头SHEIN正准备期待已久的首次公开募股，也就是IPO，即私人企业首次向公众出售股票。企业可因此筹集大量扩张资金，普通投资者则有机会拥有一小部分公司。就在几年前，SHEIN的估值还接近一千亿美元。

19 Now it's pitching potential investors with a valuation of just under $30 billion. Our Christy Lou Stout has more on what's driving the e-commerce darling's steep drop in valuation.

如今，它向潜在投资者提出的估值不足三百亿美元。克里斯蒂·卢·斯陶特介绍这家电商宠儿估值大跌的原因。

20 You've probably seen SHEIN haul videos like this. But how much is the company looking to haul for its long-awaited initial public offering in Hong Kong? Reports say under $30 billion. That's quite a drop in valuation from its previous funding rounds, nearly $100 billion in 2022 and $64 billion in 2023. So why has SHEIN lost its shine? SHEIN tried New York and London before finally getting approval to list here in Hong Kong.

你大概看过这样的SHEIN购物分享视频。但这家公司期待已久的香港IPO，准备以多大估值吸引投资？报道说，不到三百亿美元，远低于此前融资时的估值：2022年接近一千亿美元，2023年为六百四十亿美元。SHEIN为何失去光彩？它先尝试纽约和伦敦，最终才获准在香港上市。

21 It's notorious for its cheap and trendy clothes, mostly made by third-party suppliers in China. It could churn out thousands of new styles a day, which has brought huge profit margins and rapid growth. But it's been hit with higher costs and slowing sales.

它以廉价、时髦服饰著称，产品大多由中国第三方供应商制造。每天可推出数千种新款，曾带来丰厚利润率和快速增长，但如今成本上升、销售放缓。

22 SHEIN is also facing a probe by the U.S. Federal Trade Commission that could result in significant fines. Over the years, it's faced scrutiny from Western lawmakers over its business practices, including accusations of using forced labor, which SHEIN denies. Also weighing on the retailer, a new €3 sales tax on low-value shipments to curb what the EU calls unfair competition from China.

SHEIN还面临美国联邦贸易委员会调查，可能被处巨额罚款。多年来，西方议员审视其商业行为，包括强迫劳动指控，SHEIN对此否认。此外，欧盟为遏制其所谓来自中国的不公平竞争，对低价值包裹新征三欧元销售税，也给零售商带来压力。

23 Pop quiz, hot shot. What is the record for most moves ever played in a master-level chess game?

随堂小测验，高手接招！大师级国际象棋比赛，单局最多走了多少回合？

24 92, 143, 269, or 427?

92、143、269，还是427?

25 If you said 269, you're no rookie. In 1989, Ivan Nikolic and Goran Arsović battled for an astonishing 20 hours and 15 minutes in Belgrade. And after 269 moves, it ended in a draw.

如果你选269，就不是新手了。1989年，伊万·尼科利奇与戈兰·阿尔索维奇在贝尔格莱德激战二十小时十五分钟，走了269回合后，以平局告终。

26 Chess is making all the right moves under the aegis of Norwegian grandmaster Magnus Carlsen, widely considered the GOAT, and a boost from online play, streaming and pop culture, the centuries-old game is enjoying a surge in popularity. Our Matias Grez has more on this old-school game that's been thinking several moves ahead.

在被广泛视为历史最佳的挪威特级大师马格努斯·卡尔森引领下，加上线上对弈、直播和流行文化助推，国际象棋正走出一连串好棋。这项古老游戏人气飙升。马蒂亚斯·格雷兹介绍，这项传统游戏如何提前布局好几步。

27 How did a 1,500-year-old pastime end up in a tournament alongside Fortnite and Call of Duty? It's fair to say chess has experienced something of a renaissance in recent years. In 2020, Netflix series The Queen's Gambit became a cultural phenomenon. In the first three weeks following its October 2020 release, a U.S. market research group said sales of chess sets in the U.S. jumped 87 percent, and sales of chess books jumped 603 percent.

一项有一千五百年历史的消遣，怎么会与《堡垒之夜》《使命召唤》同场竞技？可以说，国际象棋近年迎来了复兴。2020年，奈飞剧集《后翼弃兵》成为文化现象。美国一家市场研究机构表示，在该剧2020年十月上线后的前三周，美国国际象棋套装销量增长百分之八十七，相关书籍销量增长百分之六百零三。

28 The winner on chess' Esports World Cup debut in 2025 was, of course, none other than Magnus Carlsen. The suave Scandinavian is no doubt the best player of his generation, and for many, he is the chess GOAT. A chess prodigy who earned the title of grandmaster at just the age of 13, Carlsen boasts a ridiculous list of records.

国际象棋2025年首次进入电竞世界杯，冠军当然是马格努斯·卡尔森。这位风度翩翩的北欧棋手，无疑是同代最强，在许多人心中也是历史最佳。他是十三岁便获特级大师称号的神童，拥有长得惊人的纪录清单。

29 As well as the sport and its stars blowing up over the last few years, chess streamers on YouTube and Twitch also experienced a huge surge in popularity. But despite a female protagonist in The Queen's Gambit played by Anya Taylor-Joy, chess remains a male-dominated sport. According to the International Chess Federation, just 16.5 percent of registered players are female.

近几年，不仅项目与明星走红，YouTube和Twitch上的国际象棋主播也人气大涨。但尽管《后翼弃兵》的主角由安雅·泰勒-乔伊饰演，是一名女性，国际象棋仍由男性主导。国际棋联数据显示，注册棋手中只有百分之十六点五是女性。

30 Chess influencers and former players Nemo Zhou and Anna Kramling are two of the most high-profile women trying to change that.

国际象棋网红、前职业棋手周齐宇和安娜·克拉姆林，是努力改变这一局面的知名女性代表。

31 Unfortunately, there is a lot of misogyny in chess, and as I got older, it started to really hit me. The fact that I am a woman means I am sometimes treated differently, and fortunately, we've had a ton of stories about women getting harassed at chess events, and the whole backstory for why women have women's-only events in the first place is so that we can encourage more girls to play the game.

遗憾的是，国际象棋界存在很多厌女现象，我长大后越来越深受影响。身为女性，意味着有时会受到不同对待。我们听过很多女性在赛事中遭骚扰的故事。女子专属赛事之所以设立，就是为了鼓励更多女孩下棋。【原稿fortunately与语意相反，按上下文处理。】

32 The trip to Paris was well worth Carlsen's time. He walks away from the tournament with a check for $250,000.

这趟巴黎之旅对卡尔森很值得，他带着一张二十五万美元支票离开赛场。

33 A big American city, and there's probably a tour for everything.

在美国大城市，大概什么主题都有导览。

34 Today's story, getting a 10 out of 10.

今天获得“十分满分”的故事。

35 A new tourist attraction, putting that in bird watching. Visit a big American city and there's probably a tour for everything. Food, history, architecture, ghosts. But on your next trip to Philadelphia, how about pigeons? Sure, some people say they're just rats with wings, but one Philly couple is trying to give these birds a serious PR makeover, and it all started when they passed one on the street.

一种新的旅游项目，为观鸟增添了新内容。去美国大城市，吃的、历史、建筑、鬼故事，大概什么都有导览。但下次去费城，要不要看看鸽子？有人说它们只是长翅膀的老鼠，但一对费城伴侣正努力改变这些鸟的公众形象。一切始于他们在街上遇到一只鸽子。

36 This bird seems sick or injured. I did take her to a rehabilitator. She was malnourished. I don't think she is going to survive on the streets of Philadelphia. So do you want a pet pigeon?

这只鸟好像生病或受伤了。我把她送到救助人员那里，她营养不良。我想她无法在费城街头生存。“那你想养一只鸽子吗？”

37 So an impromptu rescue became a pet. The pet became a passion, and the passion has led to weekly Philly pigeon tours, walking tours devoted entirely to one of America's most overlooked urban neighbors. Did you know humans once used homing pigeons to carry messages like sports results, or that they can see ultraviolet light, or that the British used pigeons during World War II to carry intelligence in Nazi-occupied Europe? So maybe it's time we stop looking down on pigeons, although considering where they usually sit, they've been looking down on us the whole time.

于是，一次临时救助变成养宠物，宠物带来热爱，热爱又促成每周一次的费城鸽子步行导览，专门介绍这种最被忽视的城市邻居之一。你知道，人们曾用信鸽传递比赛结果等消息，鸽子能看见紫外线，英国还曾在二战期间用鸽子在纳粹占领区传递情报吗？也许我们该停止“看低”鸽子了。不过，考虑到它们常待的位置，它们倒是一直在俯视我们。

38 All right, congratulations to our Your Word Wednesday winners, Mr. Hardaway and all of our Wildcats at Cassian High School in Oklahoma, who submitted aegis, a noun meaning the controller guidance, especially by an individual, group, or system. Thank you, because under your aegis, we just got smarter today.

恭喜“周三你的词语”获选者：俄克拉何马州卡西安高中的哈达韦老师和所有“野猫”们。他们提交了aegis，名词，指个人、群体或体系的保护、指导或支持。谢谢你们，在你们的aegis之下，我们今天又长知识了。

39 We're also giving a shout out from the comment section of our CNN10 YouTube channel.

我们也从CNN 10的YouTube评论区选出一组致意。

40 Mr. O'Doherty from Bondurant Middle School in Frankfort, Kentucky, thank you for starting off the school year with us. Rise up, everyone, I'm Coy Wire, go be a spark of joy today, and I'll see you right back here tomorrow on CNN10.

肯塔基州法兰克福邦杜兰中学的奥多尔蒂老师，感谢你和我们一起开启新学年。大家打起精神！我是科伊·怀尔，今天去点亮一点快乐吧，明天在CNN 10这里再见。
