01 What's up, everyone? I'm Coy Wire, this is CNN 10, and it is Your Word Wednesday. Today, you helped us write this show. So listen up for your words as we travel from a history-making vote to history-making football to robots that are now running faster than humans.

大家好！我是科伊·怀尔，这里是CNN 10，今天是“周三你的词语”。你们帮助我们写了节目，所以请留意你们的词。我们会从创造历史的投票权，讲到创造历史的橄榄球，再到如今跑得比人还快的机器人。

02 Let's get to your news for August 26th. And on this day in history, 1920, American women officially gained the constitutional right to vote. The 19th Amendment was formally certified 106 years ago today.

来看8月26日的新闻。历史上的今天，1920年，美国女性正式获得宪法保障的投票权。第十九修正案在106年前的今天正式获认证。

03 The amendment prohibits the federal government or any state from denying a citizen the right to vote based on sex. It capped more than 70 years of activism by the women's suffrage movement, led by figures like Susan B. Anthony and Elizabeth Cady Stanton. An estimated 26 million women became eligible to vote in that 1920 U.S. election.

该修正案禁止联邦政府或任何州基于性别剥夺公民投票权，为苏珊·B·安东尼、伊丽莎白·卡迪·斯坦顿等人领导、持续七十多年的妇女参政运动画上重要句点。估计两千六百万女性因此获得参加1920年美国大选的资格。

04 But the amendment didn't make voting equal overnight. Poll taxes, discriminatory local laws, and other barriers continued preventing many women of color from exercising that right for decades.

但修正案并未一夜之间实现投票平等。人头税、歧视性的地方法律和其他障碍，在之后数十年仍阻止许多有色人种女性行使权利。

05 Now to Iran, where ceasefire negotiations have gone awry.

接下来看伊朗，停火谈判偏离了轨道。

06 And amid the fallout from war, women are once again facing increased scrutiny over something deeply personal — what they wear. Social media video delineates women being shamed on the streets, even more so if they don't have the mandated hijab, a headscarf associated with the religious tradition of covering the hair, ears, and neck. Our Jomana Karacha has more on why the crackdown is intensifying now.

在战争余波中，女性再次因十分私人的事受到更严厉审查：她们穿什么。社交媒体视频呈现了女性在街头被羞辱的场景，尤其是没戴强制头巾时。头巾与遮盖头发、耳朵和颈部的宗教传统相关。朱马娜·卡拉杰介绍，为何管制此时加剧。

07 This woman is being publicly shamed by another woman for showing her bare legs in Iran. Eventually, officers arrive and make her put on pants. This scene is being played out in cities across the country.

这名女性在伊朗因露出双腿，被另一名女性当众羞辱。最终执法人员到场，要求她穿上长裤。全国多个城市都在上演类似场景。

08 The focus seems to be turning back to how women are allowed to dress. At the height of the war, women without headscarves were even seen at pro-government gatherings. The regime seemed to have bigger priorities, but now hardliners are pushing the hijab back on the agenda.

焦点似乎又转回女性被允许怎样穿着。战事最激烈时，甚至能在亲政府集会中看到没戴头巾的女性。当局似乎有更重要的事，但现在强硬派把头巾重新提上议程。

09 Cafes, restaurants, and shops are being shut down for failing to enforce mandatory dress codes. Hardline clerics are demanding tougher enforcement. This cleric speaking directly to President Masoud Pezeshkian.

咖啡馆、餐厅和商店因未执行强制着装规定而被关闭。强硬派宗教人士要求更严格执法。这位教士正直接向总统马苏德·佩泽希齐扬喊话。

10 But there's a problem for the regime. Iranian women are not backing down. Four years ago, the death of Mahsa Jina Amini in custody after being detained by the so-called morality police ignited the Women, Life, Freedom protest.

但当局面临一个问题：伊朗女性并未退缩。四年前，玛莎·吉娜·阿米尼被所谓道德警察拘留后死亡，引发“女性、生命、自由”抗议。

11 The uprising was brutally suppressed, but widespread acts of defiance survived. Today, women walk through Iranian cities without headscarves and ride motorcycles through Tehran, Shiraz, and Isfahan as the war with the U.S. seems to stall and all confrontation is bubbling up.

抗议遭到残酷镇压，但广泛的反抗行动延续下来。如今，女性不戴头巾走在伊朗城市中，在德黑兰、设拉子和伊斯法罕骑摩托车。与美国的战争似乎陷入停滞之际，旧有对立再次浮现。【原稿all confrontation按上下文理解为旧有对抗。】

12 Tick, tick, tick, 10-second trivia.

滴答滴答，十秒知识问答！

13 Which of these traits is unique to the big cats that make up the genus Panthera?

下列哪种特征，是豹属大型猫科动物特有的?

14 Retractable claws, roaring, night vision, or patterned coats?

可伸缩的爪、咆哮、夜视能力，还是有斑纹的皮毛?

15 If you said roaring, you were born to be heard. Like lions, tigers, leopards, and jaguars, the only cats that can roar. And get this, the same bone that allows them to roar also prevents them from purring. And I'm not lying.

如果你选咆哮，就该让大家听见你。狮、虎、豹和美洲豹，是能咆哮的猫科动物。更有趣的是，让它们咆哮的同一块骨头，也使它们不能像家猫那样发出呼噜声。我可没“狮”骗你。

16 To Argentina now, where dozens of lions and tigers have just been rescued from an abandoned zoo, which had become a dangerous tourist attraction. The animals were removed from their overcrowded enclosures and are now being transferred to animal sanctuaries around the globe. Our Isabel Rosales has more.

接下来看阿根廷。数十只狮虎刚从一座废弃动物园获救，那里曾成为危险的旅游景点。动物们被带离拥挤笼舍，正转移到全球各地的庇护所。伊莎贝尔·罗萨莱斯带来报道。

17 A chance at a new life. That's what these big cats now have after being moved to new sanctuaries across the world.

获得新生活的机会，这正是这些大型猫科动物被送往世界各地新庇护所后，所拥有的未来。

18 At first, we try also not to make radical change, but the quality of life will change. They will have hundreds of square meters. They will have a proper food, a proper medical care. They were forgotten for many years, and I think now it will be a new life for them.

一开始，我们也会避免突然的巨大改变，但生活质量将改变。它们将有数百平方米空间、合适的食物和医疗照顾。它们被遗忘了很多年，我想如今将迎来新生活。

19 The lions and tigers were rescued from a former zoo near Buenos Aires, shut down by Argentine officials in 2020 over safety concerns. The zoo was known for letting visitors handle the animals.

这些狮子和老虎来自布宜诺斯艾利斯附近一座旧动物园。阿根廷官员2020年因安全问题将其关闭。该园曾以允许游客直接接触动物而闻名。

20 In 2025, Global Animal Welfare Organization, 4PAWS, took on responsibility for the animals. Veterinarians brought in to treat the big cats said they found many injuries like deformed paws from declawing, kidney disease and open wounds.

2025年，全球动物福利组织“四爪”接手照料。前来治疗的兽医发现许多伤病，包括去爪造成的爪部畸形、肾病和开放性伤口。

21 We found various injuries on the skin, on the tail, on the ears.So we have some broken canines, which is very common in big cats when they do this bar biting.

我们在皮肤、尾巴和耳朵上发现各种损伤。还有一些犬齿折断，这在咬栏杆的大型猫科动物中很常见。

22 Now, 4PAWS sent 30 of them to sanctuaries in the U.S. and South Africa to start their new lives.

如今，“四爪”已将其中三十只送往美国和南非的庇护所，开启新生活。

23 When we started with the complete medical examination of all these animals here in Lujan Zoo, based on this examination, we evaluated that there are several animals that need urgent attention and they need to be moved to sanctuaries and places where this is possible to be insured.

我们开始对卢汉动物园的所有动物做全面体检后，根据检查评估发现，有几只急需照顾，必须转移到能够保证这些条件的庇护所或其他场所。

24 This week, 15 of these tigers and lions were taken to Lions Rock Big Cat Sanctuary in South Africa, which is owned by 4PAWS, while the other 15 were transferred to the Wild Animal Sanctuary in Colorado.

本周，十五只虎和狮被送往“四爪”在南非拥有的狮岩大型猫科动物庇护所，另外十五只则转移到科罗拉多州野生动物庇护所。

25 I feel well when I reach to my destination with the animal and when I see them, I feel how it is valuable to save a life.

当我带着动物抵达目的地，看见它们时，心里很欣慰，能感受到挽救生命有多值得。

26 Whether they're in Colorado or South Africa, 4PAWS says these big cats will get to experience life as close to their natural habitat as possible, tailored to their specific needs, and that family groups and lifelong companions will remain together in their new sanctuary homes.

“四爪”表示，无论在科罗拉多还是南非，这些大型猫科动物都将按各自需要，体验尽量接近自然栖息环境的生活。家族群体和终生伙伴也会在新家继续相伴。

27 But most importantly, they'll finally be able to get the care they need.

最重要的是，它们终于能够得到所需的照顾。

28 Now to an NFL moment that's bigger than football. History has been made.

接下来是一个超越橄榄球本身的NFL时刻，历史已经诞生。

29 Shiyazh Pete has become the first member of the Navajo Nation to play in the NFL. The 6'9 Dallas Cowboys rookie offensive lineman took the field against the Arizona Cardinals in Glendale. Shiyazh was shocked to see thousands of Navajo Nation members in the stands.

希亚日·皮特成为首位参加NFL比赛的纳瓦霍民族成员。这位身高六英尺九英寸的达拉斯牛仔队新秀进攻锋线球员，在格伦代尔对阵亚利桑那红雀队时上场。他惊讶地发现，看台上有数千名纳瓦霍族人。

30 When he entered the game in the fourth quarter, helping Dallas score a touchdown, the crowd erupted. His teammates stood to the side to let him have his moment. When asked what he saw, he said, hope and courage. Afterwards, he was celebrated in the locker room by his teammates and his coach.

他第四节登场，帮助达拉斯取得一次达阵，观众爆发欢呼。队友站到一旁，让他独享这个时刻。被问到看见了什么，他回答：“希望和勇气。”赛后，队友和教练在更衣室为他庆祝。

31 But I saw something I've never seen before. 25 years in the NFL, an entire section cheering for one man.

我看到一件以前从未见过的事。我在NFL二十五年，从没见过整片看台为一个人欢呼。

32 This game, fate brought us here as strangers, but this game, this star, this team will make us brothers.

命运让我们以陌生人的身份来到这里，但这项运动、这颗星、这支球队，会让我们成为兄弟。

33 Chinese robots are now beating the apex of humanathletic achievements at this year's World Humanoid Robot Games. It's the second year China has hosted the competition as it aggressively invests in the robotics industry.

今年世界人形机器人运动会上，中国机器人正超越人类运动成就的巅峰。中国已连续第二年举办比赛，同时大力投资机器人行业。

34 But there is far more at stake here than seeing which droid will cross the finish line. Our Mike Valerio reports.

但这里关系的不只是哪个机器人先冲过终点。迈克·瓦莱里奥报道。

35 Some astonishing and not so astonishing feats in one of the Olympic stadiums here in Beijing.

北京一座奥运场馆里，出现了一些惊人、也有一些没那么惊人的表现。

36 The humanoid robot named Lightning ran the hundred meter race faster than Usain Bolt's world record. But you know, these competitors, they don't need protein drinks. They need batteries here at the World Humanoid Robot Games. Robo athletes are being tested like never before.

名叫“闪电”的人形机器人，百米成绩快过尤塞恩·博尔特的世界纪录。不过这些选手不需要蛋白饮料，它们需要电池。世界人形机器人运动会正让机器人运动员接受前所未有的考验。

37 More than 2000 robots from 16 countries are registered for this year's games. And we have kickboxing, football, table tennis, and some of these events are getting much harder.

今年赛事有来自十六个国家的两千多台机器人报名。项目包括自由搏击、足球、乒乓球，而且有些项目越来越难。

38 The 400 meter race, for example, is now totally autonomous. It's reading these robots need to see the track, navigate it, and cross the finish line without anybody guiding them by remote control.

例如，四百米赛跑现在完全自主。机器人需要看清赛道、自行导航并跑过终点，没有人用遥控器引导。

39 And this is actually part of the point. When a robot falls, gets confused, or manages to recover on its own, engineers get a real world test of technology they ultimately want working outside the arena.

这实际上也是比赛的目的之一。机器人跌倒、迷失方向，或自行恢复时，工程师就在现实环境中检验技术，最终希望它们走出赛场工作。

40 China's made embodied AI, which is essentially AI in a physical body, a national priority. And the government has backed research training centers and real world testing as so many Chinese universities and companies have raced to build better robot bodies and even smarter robot brains.

中国已把具身人工智能，也就是拥有实体身体的人工智能，列为国家重点。政府支持研究、训练中心和现实测试，许多中国高校和企业争相打造更好的机器人身体，以及更聪明的大脑。

41 So the real competition here isn't just robot versus robot, it's how quickly China can move these machines from spectacle to something a little bit more useful. And judging by what we're seeing here, there are both some amazing achievements and a little bit more training to do.

所以，真正的竞争不仅是机器人对机器人，而是中国能多快把这些机器从表演奇观变成更有用的东西。根据现场所见，既有惊人成果，也还有进一步训练的空间。

42 Today's story, getting a 10 out of 10, a real life example of teamwork that makes the dream work.

今天获得“十分满分”的故事，是团队合作让梦想成真的现实例子。

43 In Japan, about 1000 people chosen by lottery were recruited to help move this 400 ton castle back to its original place. Their method, grit, muscle, and a bit of tug of war, the Hirosaki Castle was originally moved in 2015 so workers could repair the stone wall beneath it, which supported the structure. This month's big move traveled a grand total of one meter, around three feet.

在日本，约一千名通过抽签选出的人，被招募来帮助把这座四百吨城堡移回原位。他们的方法是毅力、肌肉和一点拔河技巧。弘前城2015年被移走，以便修复支撑它的石墙。本月这次大搬家，总共移动一米，约三英尺。

44 But those biceps and triceps will be getting quite a few more reps while the repairs are done. It's expected to take the rest of the year to move this whimsical heavyweight back to its original footprint. That's a monumental move, literally.

随着维修进行，大家的肱二头肌和肱三头肌还得练上不少次。预计要用完今年剩余时间，才能把这个充满奇趣的重量级建筑移回原址。这真是一场字面意义上的纪念性大搬迁。

45 All right, we have an extra special Your Word Wednesday today because our friends at the Stratton School in Maine sent us this vocabulary adventure book. First up, delineate. Did you hear that word in the show? A verb that means to precisely describe, portray, or outline something in detail. I see you, Jasper. Kind of like that purple jacket.

今天“周三你的词语”格外特别，因为缅因州斯特拉顿学校的朋友寄来了这本词汇探险书。首先是delineate，听到它了吗？这是动词，意为精确描述、描绘或详细勾勒。贾斯珀，我看到你了，那件紫色夹克挺不错。

46 We also worked in awry, an adjective or adverb that means not going according to plan. Emma, great word. Absolutely love it.

我们还用到了awry，是形容词或副词，意为没有按计划进行。艾玛，选得好，我很喜欢。

47 Finally, Autumn gave us one of my favorite words, whimsical, which means playful, imaginative, or fanciful in an unusual way.

最后，奥特姆提交了我最喜欢的词之一whimsical，意为以不寻常的方式富有趣味、想象力或奇思妙想。

48 You all made us smarter today by delineating each of these words. May your imaginations be full of whimsy and your plans never go awry. Stay curious, my friends.

你们通过delineate这些词，让我们今天更有学问。愿你们的想象充满奇思，计划从不awry。朋友们，保持好奇。
