01 Happy Friday, Fri-yay! I'm Coy Wire with your CNN 10 minutes of news. And before we get to the weekend, let's finish this week strong. Big stories, big questions, and thousands of people throwing tomatoes at each other. Yeah, we've got you covered.

周五快乐！我是科伊·怀尔，带来CNN十分钟新闻。周末前，让我们有力地结束这一周：重大新闻、重要问题，还有数千人互扔番茄。没错，这些都会讲到。

02 Today on The 10, we start with a major legal development that could change the landscape of social media. Facebook and Instagram parent company, Meta, has agreed to pay roughly $18 billion to resolve a multi-state lawsuit claiming the company intentionally designed addictive platforms that harmed young people's mental health.

今天先看一项可能改变社交媒体格局的重大法律进展。Facebook和Instagram母公司Meta，同意支付约一百八十亿美元，解决一宗多州诉讼。诉讼指控公司故意设计令人上瘾的平台，损害青少年心理健康。

03 The settlement involves dozens of states and territories and requires Meta to make changes aimed at protecting users under the age of 18. Our Claire Duffy explains what could change and what it can mean for millions of us who scroll, swipe, and share. Hello, Claire.

和解涉及数十个州及属地，要求Meta作出保护十八岁以下用户的调整。克莱尔·达菲介绍可能的变化，以及这对每天刷屏、滑动和分享的数百万人意味着什么。你好，克莱尔。

04 Hey, Coy. Yeah, this really could be a turning point in how young people are protected on social media. These are the kinds of changes that parents and advocates, and even some teens themselves, have been calling on the social media platforms to make.

你好，科伊。这确实可能成为社交媒体青少年保护的转折点。家长、倡导者，甚至部分青少年自己，一直在要求平台作出这些改变。

05 Now, Meta agreed to this settlement midway through a trial where just four of those state attorneys general had been seeking as much as $1 trillion in damages. That would have been a huge number. This $18 billion settlement is still a really significant number.

Meta在庭审中途同意和解，此前仅其中四位州总检察长，就索赔高达一万亿美元。那是巨额数字，而这一百八十亿美元和解金额，仍然非常可观。

06 Some of these state attorneys have pointed out that this is the largest settlement with a big tech company in history. That money will go towards helping the states fund youth mental health programs, online safety trainings. But even more important here, I think, is the changes that Meta has agreed to make to its platforms.

部分州检察长指出，这是史上与大型科技公司达成的最大和解。资金将帮助各州开展青少年心理健康项目和网络安全培训。但我认为更重要的是，Meta同意改变平台。

07 I'll walk you through some of those. Teens ages 13 to 17 will now have a two-hour daily time limit across Facebook and Instagram. Only parents will be able to change that.

我介绍几个例子。十三至十七岁青少年，每天在Facebook和Instagram上的合计使用时间将限为两小时，只有家长能修改。

08 These platforms are also implementing a night mode, so teens will be unable to access them from midnight to 6 a.m., a school mode, so teens will be getting fewer notifications throughout the day. Meta is turning off likes on teens' content and removing access to extreme beauty filters. And it will also send teens prompts every 15 minutes to make them think a little bit more about how much they're using these platforms.

平台还将推出夜间模式，青少年午夜至早上六点无法访问；校园模式则减少白天通知。Meta会关闭青少年内容的点赞功能，并取消夸张美颜滤镜的使用权限。还会每十五分钟发送提示，让他们多想一想自己用了多久。

09 And very importantly, Coy, both Meta and the state attorneys general here are calling on TikTok and YouTube to make similar changes. Meta has said, we'll pay 70% of this $18 billion sort of upfront, but the other 30% is contingent on TikTok and YouTube making similar changes. The state attorneys general have said they are willing to go after those platforms in court if they don't come to the table voluntarily to make these changes to their platforms.

科伊，还有很重要的一点：Meta和州总检察长都呼吁TikTok与YouTube作出类似调整。Meta说，会先付这一百八十亿美元的百分之七十，剩余百分之三十，则以TikTok和YouTube作出相近改变为条件。州总检察长表示，如果这些平台不自愿协商改革，他们愿意诉诸法院。

10 So this really could be a watershed moment in terms of changing how young people are able to interact on social media. Coy?

因此，这可能成为改变年轻人社交媒体互动方式的分水岭。科伊？

11 This next report comes with a warning. We're going to show images of a deadly natural disaster that some of you may find difficult to watch.

下一则报道有一项提示：我们将展示致命自然灾害的画面，有些人可能难以观看。

12 If you'd rather not see them, you can fast forward about two minutes. Catastrophic flash floods, devastated communities along the Nepal-China border, rescue crews are searching for people still missing, the flooding destroyed roads, knocked out power, and entire communities were cut off from help. Our Hanako Montgomery has more on how these floods weren't even caused by rain, but rather a massive Himalayan glacier that collapsed.

如果不想看，可以快进约两分钟。灾难性山洪重创尼泊尔与中国边境沿线社区，救援队正在寻找失踪者。洪水毁坏道路、切断电力，使整个社区无法得到援助。蒙哥马利花子介绍，这场洪水并非降雨导致，而与喜马拉雅山一处巨大冰川崩塌有关。

13 Dozens of people begin to run. What comes next in this surveillance video is hard to imagine. A mountain of mud and water, taller than the building, crashes down, wiping out everything in its path, like something from a disaster film.

数十人开始奔跑。监控视频接下来的画面令人难以想象：高过建筑的泥水山轰然冲来，扫平沿途一切，如同灾难电影。

14 But this is a border crossing between China and Nepal. It's the result of a deadly flash flood that swept through Himalayan villages on the Nepal-China border on Wednesday. It's enormous force destroying homes and buildings, including in Nepal's Rasuwa district.

但这是真实的中尼边境口岸。周三，致命山洪席卷尼中边境的喜马拉雅村庄，巨大冲击力摧毁房屋与建筑，包括尼泊尔拉苏瓦地区。

15 Aerial footage captured from a helicopter over the district shows the immense barrage of water flooding the valley below. It's a popular area for hiking holidays. Hundreds of tourists, including foreign nationals, have been reported missing, according to an initial assessment by Nepal's tourism board.

直升机航拍显示，巨量洪水淹没下方山谷。这里是热门徒步度假区。尼泊尔旅游部门初步评估称，已有数百名游客被报失踪，其中包括外国人。

16 Nepalese army helicopters are helping rescue citizens from rooftops in the flood-affected areas. The Red Cross is also deploying an emergency team with relief supplies. And in Tibet's Gyirong port, China's President Xi Jinping has ordered all-out search and rescue efforts to find those who are missing after a mudslide caused major casualties, China's state news agency Xinhua reported.

尼泊尔军方直升机正在受灾地区从屋顶营救居民，红十字会也派出携带救灾物资的应急队。据新华社报道，中国西藏吉隆口岸泥石流造成重大伤亡后，习近平主席要求全力搜救失踪人员。

17 The mudslide has cut off the region's roads, communications, and power, Xinhua said. Nepal's foreign minister said the deadly flash flood was caused by an earthquake, triggering a large landslide which blocked the Bhotekoshi river. The full scale of the devastation is yet to become clear.

新华社称，泥石流切断了当地道路、通信和供电。尼泊尔外长说，致命山洪由地震引发大规模滑坡、堵塞波特科西河所致。灾害全貌仍不清楚。【原稿此处与前文的成因说法不同，均按原文保留。】

18 Pop quiz, hot shot. What special ability do dolphins use to find objects even when they can't see them?

随堂小测验，高手接招！海豚即使看不见，也能用什么特殊能力寻找物体？

19 Telepathy, telekinesis, fin language, or echolocation?

心灵感应、意念移物、鳍语，还是回声定位？

20 If you said echolocation, yeah that was rough. Dolphins send out rapid clicks and for the echoes that bounce back.

如果你选回声定位，答对了，刚才那段模仿有点难听。海豚发出快速的咔嗒声，再接收反弹回来的回声。【原稿后半句缺词，按语境补足。】

21 It's basically biological sonar. Our news assistant Ankit says he uses it to find free snacks.

这基本上就是生物声呐。新闻助理安基特说，他用这招寻找免费零食。

22 According to Greek legend, Taras, the son of the sea god Poseidon, survived a shipwreck after being rescued by a dolphin.

希腊传说中，海神波塞冬之子塔拉斯遇上海难，被海豚救起而幸存。

23 Now, thousands of years later, an Italian city named for the fabled figure is returning the favor. Taranto, situated in Italy's heel-of-the-boot region of Puglia, will host Europe's first sea-based sanctuary for formerly captive dolphins. The sprawling sanctuary along the Ionian Sea will cover about 7 hectares, or 13 NFL football fields.

数千年后的今天，以这位传说人物命名的一座意大利城市，正在回报海豚。位于意大利“靴跟”普利亚地区的塔兰托，将建成欧洲首个为曾被圈养海豚提供的海上庇护所。它沿爱奥尼亚海展开，面积约七公顷，相当于十三块NFL球场。

24 Formerly captive dolphins at aquariums will be able to live in a protected section of the actual sea. Think of it as going from a swimming pool to an oceanfront neighborhood. Many dolphins raised in captivity can't simply be released into the wild because they may lack the survival skills needed to find food or avoid danger.

曾在水族馆圈养的海豚，将生活在真正海洋中受保护的一片区域，就像从游泳池搬进海滨社区。许多圈养长大的海豚，缺乏觅食或避险技能，不能直接放归野外。

25 So, researchers hope sanctuaries like this can offer something in between human care with floating offices, veterinary platforms, and AI-powered underwater monitoring systems helping scientists study the animals around the clock.

所以研究人员希望，这样的庇护所能提供介于野外和人类照顾之间的环境。浮动办公室、兽医平台和人工智能水下监测系统，将帮助科学家全天研究动物。

26 The arts community is mourning the passing of two icons inrecent weeks. Neither seemed particularly interested in being ordinary.

艺术界正在悼念近几周离世的两位偶像，他们似乎都无意成为普通人。

27 Famed British actor Tim Curry and groundbreaking Japanese artist Yayoi Kusama. Curry became one of the biggest names in Hollywood for his flamboyant characters and unmatched charisma. He died Tuesday at the age of 80.

他们是英国著名演员蒂姆·库里和开创性的日本艺术家草间弥生。库里凭张扬角色和无可比拟的魅力，成为好莱坞最著名的演员之一。原稿称他周二去世，享年八十岁。

28 He exploded onto screens with cult classics like The Rocky Horror Picture Show and Clue. He played cranky hotel concierge in Home Alone 2, sailed alongside Muppets as Long John Silver, and terrified folks as Pennywise the Clown. What. A. Range.

他凭《洛基恐怖秀》《妙探寻凶》等邪典经典走红，在《小鬼当家2》中饰演脾气古怪的酒店礼宾，与布偶们航海时饰演独脚大盗西尔弗，还以小丑潘尼怀斯吓坏观众。戏路真广。

29 Curry suffered a major stroke in 2012 but continued working, particularly as a voice actor.

库里2012年遭遇严重中风，但继续工作，尤其从事配音。

30 And groundbreaking Japanese artist Yayoi Kusama spent nearly a century seeing the world differently and invited the rest of us inside.

开创性的日本艺术家草间弥生，则用近一个世纪以不同方式看世界，并邀请我们走进她的视角。

31 Born in Japan in 1929, she endured a difficult childhood, working in a military factory sewing parachutes for Japan's Imperial Army during World War II. She began experiencing vivid hallucinations as a child, involving dots, patterns, and flashes. But instead of hiding them, she transformed them into art.

她1929年生于日本，童年艰难，二战期间曾在军工厂为日军缝制降落伞。小时候，她开始出现涉及圆点、图案和闪光的鲜明幻觉。她没有隐藏它们，而是把它们化为艺术。

32 Polka dots became her trademark, and as my family and I found out, it is magical. Her famous infinity mirror rooms, they allow you to step inside the art. Feels like somebody picked you up and dropped you into another universe.

波点成为她的标志。我和家人亲身感受过，那真的很神奇。她著名的无限镜屋，让你走进艺术，仿佛有人把你抱起，放进另一个宇宙。

33 Kusama passed away August 14th at the age of 97.

原稿称，草间弥生于8月14日去世，享年九十七岁。

34 All right, today's story, getting a 10 out of 10. It's messy, it's saucy, and it's the only day a year when you can throw your lunch at thousands of strangers and it's apparently encouraged.

好了，今天获得“十分满分”的故事：乱糟糟、满是酱汁，而且每年只有这一天，你能把午餐扔向数千名陌生人，还显然受到鼓励。

35 Welcome to La Tomatina. Thousands descended on the tiny Spanish town of Buñuel, all for the world's biggest food fight on Wednesday. Overripe tomatoes went airborne.

欢迎来到番茄大战！周三，数千人涌入西班牙小镇布尼奥尔，参加世界最大的食物大战，熟透的番茄满天飞。【原稿镇名拼作Buñuel，按活动语境译名。】

36 Splat, squish, sauce everywhere, painting the town red, and here's your knowledge bomb. Afterwards, the streets were hosed down, and because of the tomato's citric acid acting as a cleaning agent, the town streets were actually left cleaner than before. That's one way to catch up on your cleaning.

啪、噗嗤，到处都是番茄酱，把全镇染红。再告诉你一个知识点：结束后用水冲洗街道，番茄中的柠檬酸起清洁剂作用，街道竟比之前更干净。这也是赶上清洁进度的一种办法。

37 It is finally Friday, and before I go, I want to give a shout out, and this one goes to Mrs. Guerrero Medrano at Fly Junior High School in Crystal City, Texas. You so fly, and so am I, because of the coolest poncho I ever did see, and it's good for fishing tomatoes off YouTube.

终于周五了！结束前，向得克萨斯州克里斯特尔城弗莱初中的格雷罗·梅德拉诺老师致意。你们很酷，我也很酷，因为我穿着见过最酷的雨披，它也能挡掉你身上的番茄。【原稿句末YouTube疑为you too。】

38 This next shout out goes to Miss Barnett at Oak Grove Middle School in Winston-Salem, North Carolina.

下一组致意送给北卡罗来纳州温斯顿-塞勒姆橡树林中学的巴尼特老师。

39 Your former student-turned-fellow teacher, Mr. Oakley, nominated you and wanted to say thank you for your more than 30 years of teaching. Think about all of the lives you have inspired. Congrats on your upcoming retirement.

曾经的学生、如今的同事奥克利老师提名了你，想感谢你三十多年的教学。想想你激励过多少生命。恭喜你即将退休。

40 Play that Friday music, Nadir. This is going to be the best weekend, because it's the next weekend. Make your moments count.

纳迪尔，放起周五音乐。这个周末会是最好的周末，因为它是下一个等待我们的周末。让每个时刻都有意义。

41 Make someone smile, because you never know when or how, but you may be the spark of joy someone needs. I'm Coy Wire, this is CNN 10. It's been a blessing to spend this week with you.

让某个人微笑吧。你不知道何时、以什么方式，但你可能点亮某人需要的快乐。我是科伊·怀尔，这里是CNN 10。能和你们共度这一周，是一种福气。
