01 What's up, sunshine? I'm Coy Wire. This is CNN 10. Today we are traveling from the birth of movies to a telescope, looking back toward the birth of the universe.

阳光伙伴们，大家好！我是科伊·怀尔，这里是CNN 10。今天，我们从电影的诞生，走向一台回望宇宙诞生的望远镜。

02 History, mystery, and a whole lot of curiosity. Let's get smarter. Lights, camera, action.

历史、谜团，以及满满的好奇心。一起长知识吧。灯光、摄影，开拍！

03 129 years ago today, one of history's most famous inventors helped shape the future of motion pictures. On August 31st, 1897, Thomas Edison received a patent for his motion picture camera, the Kinetograph, predecessor to modern projectors. It was cutting-edge technology for its time, capturing a rapid sequence of images onto strips of celluloid film.

129年前的今天，历史上最著名的发明家之一，帮助塑造了电影的未来。1897年8月31日，托马斯·爱迪生取得活动电影摄影机Kinetograph的专利。它是现代电影设备的先驱，在当时属尖端技术，可把快速连续的图像记录在赛璐珞胶片上。

04 And when those pictures were viewed rapidly, one after another, bam, your brain perceived motion. While Edison is credited with the patent, here is your history knowledge bomb. Edison didn't do it alone.

当这些图片一张接一张快速播放时，砰，大脑就感知到运动。虽然专利归在爱迪生名下，但这里有个历史知识点：他不是独自完成的。

05 His assistant, William Kennedy Laurie Dickson, is credited with the bulk of the experimentation and development, a reminder that some of history's greatest individual inventions were actually team sports. The Kinetograph helped pave the way for the development of movie projectors, theaters, and the entertainment experience we know and love today. Somewhere Edison's probably like, I should have patented popcorn, too.

助手威廉·肯尼迪·劳里·迪克森，被认为完成了大部分实验和开发。这提醒我们，历史上一些伟大的“个人发明”其实是团队成果。Kinetograph为电影放映机、电影院和如今我们喜爱的娱乐体验铺平道路。爱迪生或许正在某处想：“我也该给爆米花申请专利。”

06 A new eye in the sky has just launched into the cosmos.To help us better understand the mysteries of space, the Nancy Grace Roman Space Telescope blasted off Sunday from Kennedy Space Center aboard a SpaceX Falcon Heavy rocket. Over the next five years, the bus-sized telescope will seek out otherwise invisible and faint space objects.

一只新的“天空之眼”刚刚进入宇宙，帮助我们更好理解太空奥秘。南希·格雷斯·罗曼空间望远镜周日搭乘SpaceX重型猎鹰火箭，从肯尼迪航天中心升空。未来五年，这台公交车大小的望远镜将寻找原本难以看见、暗淡的天体。

07 And liftoff. Go Falcon Heavy and go Roman Space Telescope. And liftoff.

升空！重型猎鹰加油，罗曼空间望远镜加油！发射升空。

08 Is basically cosmic panorama mode. Roman is able to survey the sky up to 1,000 times faster than the famous Hubble telescope across a field of view about a hundred times larger, and it's expected to help answer some of science's biggest questions about dark matter and dark energy.

它基本上就是宇宙全景模式。罗曼巡天速度最高可达著名哈勃望远镜的一千倍，视场约为其一百倍，预计将帮助回答有关暗物质、暗能量的一些重大科学问题。

09 U.S. President Donald Trump has signed an executive order beginning the process of creating a new U.S. Space Academy.

美国总统唐纳德·特朗普签署行政命令，启动创建新美国太空学院的程序。

10 Think Naval Academy with a lot more rocket science. The proposed Academy would recruit and train aspiring astronauts, physicists, engineers, and aerospace technicians, among others. The president announced the move in Houston, Texas, while presenting the Artemis 2 crew with the Congressional Space Medal of Honor.

你可以把它想成加入更多火箭科学的海军学院。拟建学院将招收并培养立志成为宇航员、物理学家、工程师和航空航天技术人员等的人才。总统在得克萨斯州休斯敦向阿耳忒弥斯2号机组颁发国会太空荣誉勋章时，宣布这一举措。

11 He said the U.S. Space Academy would train personnel for the Space Force and NASA, while also supporting the civilian space industry like SpaceX and Blue Origin. Important distinction, the executive order creates a commission to figure out how to make the Academy happen.

他说，太空学院将为太空军和美国航天局培养人员，同时支持SpaceX、蓝色起源等民用航天产业。需要区分的是，这份行政命令设立的是一个委员会，用于研究如何实现学院计划。

12 To Nepal now, where as of this taping,more than 3,000 people are reported missing after that catastrophic flooding and landslide along the Chinese-Nepali border.

接下来看尼泊尔。截至录制时，中尼边境灾难性洪水与滑坡之后，据报超过三千人失踪。

13 The death toll has risen to at least 750 people. Rescue crews are running into changing landscapes, as another landslide on Saturday created a new barrier lake near the disaster zone. The rescuers, themselves, had to be evacuated from the area.

死亡人数已升至至少七百五十人。救援队面对不断变化的地形，周六另一场滑坡在灾区附近形成新的堰塞湖，救援人员自己也不得不撤离。

14 Almost a thousand workers are also missing across a slew of hydropower projects in Nepal. In one of the tunnels, rescuers are pumping air in and dropping food, but haven't connected with anyone inside yet. Among the missing are foreign nationals from around the world.

尼泊尔多个水电项目还有近一千名工人失踪。在一条隧道，救援者正泵入空气、投送食物，但还未与内部任何人取得联系。失踪人员包括来自世界各地的外国人。

15 CNN's Will Ripley found one American couple who narrowly escaped the flood while on a tour bus.

CNN的威尔·里普利找到一对美国夫妇，他们乘旅游巴士时险些被洪水吞没。

16 It was violent. It was aggressive. Aggressive with anger. That's how I saw the water come. So I really asked him, I mean, why is God so angry with us?

它很猛烈、很凶，带着愤怒冲过来，我看到的水就是这样。所以我真的问他：“上帝为什么对我们这么愤怒？”

17 Anjana Raja and Putupi Venkatesan came to Nepal from Northern California for a spiritual journey, but not one like this.

安贾娜·拉贾和普图皮·文卡特桑从北加州来尼泊尔，原本想进行一场心灵之旅，却不是这样的经历。

18 Just seeing so many people die, I think that's going to last for a while. It's going to linger for a while. I don't know if we will get over it anytime soon.

看到那么多人死去，我想这种感受会持续很久，会久久挥之不去。我不知道我们能否很快走出来。

19 They were on a tour bus near the China-Nepal border, about to cross into Tibet, when people outside started running and screaming. There was no time to think. Our reflexes needed to be so fast.

他们当时在中尼边境附近的旅游巴士上，即将进入西藏，外面的人突然奔跑尖叫。根本来不及思考，我们必须反应极快。

20 I saw something coming really brown up there going up like 60 to 70 feet, something coming brown our way. At that point, I didn't know whether it was water or whether it was dust. So the way it came is came just like a tsunami, just came going all the way up.

我看到上方有棕色的东西冲来，高达六七十英尺。当时不知道那是水还是尘土。它涌来的样子就像海啸，一直卷得很高。

21 And just like a tsunami, how it sweeps going like a row, it just took the buses, the houses, people, everything.

就像海啸成排席卷过去，它卷走了巴士、房屋、人，所有东西。

22 They shared this photo showing what's left of their tour bus.

他们分享了这张照片，显示旅游巴士剩下的残骸。

23 It's very hard to express in words. A lot of turmoil inside. It was nerve-wracking, especially when you see death just five seconds away from you. I thought about everybody who lost their lives there.

很难用语言表达，内心翻江倒海，紧张得要命，尤其当死亡离你只有五秒钟时。我想到了所有在那里遇难的人。

24 He's a lifesaver, my brother. Their tour guide, Dashi Tumang, guided them up the mountain with just seconds to spare.

“他是救命恩人，是我的兄弟。”导游达希·图芒在仅剩几秒的关头，带他们跑上山。

25 How can running, you know? Just running, just running. 10 seconds, it's finished. 10 seconds, everything's underwater. Oh my God, oh my God.

还能怎样？跑，只能跑，拼命跑。十秒钟，一切就结束了。十秒钟，一切都在水下。天哪，天哪。

26 After running to higher ground, they spent the night huddling in the woods with a small group of survivors.

跑到高处后，他们与一小群幸存者挤在树林里过夜。

27 There are about 70, 80 people in that little area. We got to put our bags, sit on the bag. That's about it. You know, we had like two inch wiggle room. We couldn't move more than two inches because it was so full. Water all night, little or no food. We had to share water, whoever had water.

那一小块地方约有七八十人。我们把包放下，坐在包上，就这样。能挪动的空间大概只有两英寸，因为太挤了。整夜都是水，食物很少甚至没有。谁有饮用水，大家就分着喝。

28 Finally, a helicopter came to rescue them.

最终，一架直升机来救他们。

29 And here you are now, and you have your temporary passport. You're going to go home and see your daughter and your son. I can't wait.

现在你们在这里，拿到了临时护照，要回家见女儿和儿子了。“我等不及了。”

30 Can't wait. What do you want to say to them? What are you going to do when you see them? I'm going to hug them and cry because I am an emotional mama. I am going to hug them and cry.

“等不及了。”“想对他们说什么？见面时会做什么？”“我要抱住他们哭，因为我是个感性的妈妈。我要抱住他们哭。”

31 And I'm just thankful to God that I'm alive and there for them. I'm going to tell them, take life seriously and be ready for whatever comes. This is a learning. Things could happen to anyone. It could happen to us again. So be ready. I'm going to tell them that.

我只是感谢上帝，让我还活着，还能陪伴他们。我会告诉他们，认真对待生活，准备好迎接任何变故。这是一次教训，任何人都可能遇到，也可能再次发生在我们身上，所以要做好准备。我会这样告诉他们。

32 10 Second Trivia.What year was Little League Baseball founded?

十秒知识问答！少年棒球联盟成立于哪一年？

33 1924, 1939, 1953, or 1961? Tick, tick, tick, tick.

1924、1939、1953，还是1961？滴答滴答。

34 If you said 1939, play ball. Little League was founded by Carl E. Stotz in Williamsport, Pennsylvania. It's become a global sensation, played by approximately 2 million 10 to 12-year-olds across 80 different countries.

如果你选1939，开球吧！少年棒球联盟由卡尔·E·斯托茨在宾夕法尼亚州威廉斯波特创立，如今风靡全球，约有八十个国家、两百万名十至十二岁的孩子参与。

35 This year's Little League Baseball World Series is officially in the books. Congrats to Curacao capturing its second Little League World Series championship after defeating Nevada. The Caribbean powerhouse punched its ticket after shutting out Japan for nothing in the international championship.

今年少年棒球世界大赛正式结束。恭喜库拉索击败内华达，第二次夺冠。这支加勒比劲旅此前在国际组决赛以4比0零封日本，获得总决赛席位。

36 Curacao is the only Caribbean nation ever to win the Little League Baseball World Series. Nevada reached the final after beating Ohio 12 to 2 in Saturday's U.S. championship game. That's where 12-year-old Carsynn Meyer became the first girl ever to play in the U.S. championship game.

库拉索是唯一赢过少年棒球世界大赛的加勒比国家。内华达在周六美国组决赛以12比2击败俄亥俄，挺进总决赛。十二岁的卡辛·迈耶在那场比赛中，成为首位参加美国组决赛的女孩。

37 And she drove in a run. How's that for seizing your moment? The Little League World Series is an annual reminder that we're never too young to chase greatness. From legendary names like Gary Sheffield, Jason Varitek, and Todd Frazier to present-day All-Stars, some of baseball's biggest names appeared in the tournament long before reaching the biggest stage.

她还贡献了一分打点，这可真是抓住了属于自己的时刻。少年棒球世界大赛每年都提醒我们，追求卓越从不嫌年轻。从加里·谢菲尔德、杰森·瓦里泰克、托德·弗雷泽等传奇人物，到今天的全明星，许多棒球巨星早在登上最大舞台前，就参加过这项赛事。

38 In 2007, future three-time All-Star and 2019 NL MVP Cody Bellinger helped lead his Chandler, Arizona team to the semifinals at just 11 years old. 13 years later, he hoisted the World Series trophy as a Los Angeles Dodger. More than 70 tournament alumni have reached the majors. Pretty cool reminder.

2007年，后来三次入选全明星、获2019年国联最有价值球员的科迪·贝林杰，年仅十一岁就帮助亚利桑那州钱德勒队打进半决赛。十三年后，他作为洛杉矶道奇球员捧起世界大赛奖杯。超过七十名赛事校友进入大联盟，这是个很棒的提醒。

39 We never know where the field we're playing on right now might eventually lead, so keep dreaming big. Today's story getting a 10 out of 10.

我们永远不知道，眼下这块球场最终会把自己带到哪里，所以继续怀抱远大梦想。接下来是今天的“十分满分”故事。

40 Two mechanics proving that sometimes the most important thing you can fix is not the car, it's somebody's day. At the Junkie Garage in Glendale, Arizona, 17-year-old Matthew Cuba and his dad, Mike, fix cars for veterans, single parents, seniors, and others in need of free or low-cost repairs. The idea started after financial struggles forced Mike to learn how to repair his own car.

两名修车工证明，有时最重要的修复，不是汽车，而是让别人的一天好起来。在亚利桑那州格伦代尔的Junkie Garage，17岁的马修·库巴和父亲迈克，为退伍军人、单亲家长、老人等有需要的人，提供免费或低价修车服务。起点是迈克因经济困难，被迫学会自己修车。

41 Customers can bring their own parts, and the father-son team provides the labor. Sometimes Matthew and Mike buy parts themselves when a customer simply can't afford them. Their Facebook supporters can chip in a couple dollars a month helping the Cubas help others.

顾客可以自备零件，父子负责人工。有时顾客实在买不起，他们也会自己买零件。Facebook上的支持者每月可捐几美元，帮助库巴父子帮助别人。

42 For us, it's about helping people who can never repay that favor.

对我们来说，就是帮助那些永远无法回报这份善意的人。

43 It makes me feel like a superhero in a way. I mean, I'm helping people that otherwise wouldn't have had any solution.

某种程度上，这让我觉得像超级英雄。我在帮助那些本来没有其他办法的人。

44 They're fixing brakes, engines, and maybe even restoring a little faith in humanity.

他们修刹车、修发动机，也许还修复了一点人们对人性的信心。

45 All right, superstars, two shout-outs for you today on this last day of August. This first one goes to Mrs. J. Rodriguez at Grizzly Challenge Charter School in San Luis Obispo, California.

好了，超级明星们，八月最后一天有两组致意。首先送给加州圣路易斯-奥比斯波灰熊挑战特许学校的J·罗德里格斯老师。

46 Tough times can make us tougher. We can learn strength from our struggles. Rise up, and thank you for making us a part of your day.

艰难时刻能让我们更坚韧，我们能从挣扎中学会力量。打起精神，感谢你让我们成为一天的一部分。

47 And this shout-out goes to Mr. Bennett at Most Holy Redeemer School in Evergreen Park, Illinois. And speaking of rise up, thank you for my new favorite shirt. Check it out.

下一组送给伊利诺伊州常青公园至圣救赎主学校的贝内特老师。说到振作起来，谢谢你们送来我新最爱的衬衫。看看！

48 Shine on, sunshine. Stay curious, stay kind, and wherever you go today, bring some light with you. I'm Coy Wire, and we are CNN 10.

继续发光吧，阳光伙伴们。保持好奇、善良，今天无论走到哪里，都带上一点光。我是科伊·怀尔，这里是CNN 10。
