01 Badia! Dancing in September! What's up, sunshine? I'm Coy Wire, and a brand new month means 30 new chances to learn something, try something, and treat someone with kindness. 10 minutes, big world, let's start this month strong.

巴迪亚！在九月起舞！阳光伙伴们，大家好，我是科伊·怀尔。全新一个月，意味着三十次新的机会：学点东西、尝试新事、善待别人。十分钟，大世界，让这个月有个有力的开始。

02 September 1st marks the beginning of meteorological fall in the northern hemisphere and meteorological spring in the southern hemisphere.

9月1日标志着北半球气象学意义上的秋季开始，也标志着南半球的气象春季开始。

03 So depending on where you're watching us, either grab the pumpkin spice or start smelling the flowers, and let's get to the news. All right, we begin at one of Earth's greatest natural wonders, where nature has given us another reminder of just how quickly beauty can become dangerous. A devastating flash flood tore through parts of the Grand Canyon National Park Saturday.

所以，视你所在之处而定，要么准备南瓜香料饮品，要么去闻闻花香，然后来看新闻。先来到地球最伟大的自然奇观之一。大自然再次提醒我们，美丽可以多快转为危险。周六，毁灭性山洪席卷大峡谷国家公园部分地区。

04 Dozens of hikers and campers were evacuated, many by helicopter. Approximately 15 people were still missing as of this taping. At least one person had died.

数十名徒步者和露营者被撤离，其中许多人由直升机救出。截至录制时，约十五人仍失踪，至少一人死亡。

05 One hiker described a wall of debris rushing toward their group, waterfalls suddenly appearing, boulders tumbling, and landslides erupting around them. The flooding struck the Bright Angel Creek corridor after intense thunderstorms. Popular hiking and camping areas have been closed.

一名徒步者形容，一堵夹杂碎屑的洪水墙向队伍冲来，瀑布突然出现，巨石滚落，四周发生滑坡。强雷暴之后，洪水袭击了光明天使溪沿线。热门徒步及露营区域已关闭。

06 The Grand Canyon plunges more than a mile deep in places and exposes rocks approaching 2 billion years old. More than 4.4 million people visited last year. And the disaster is another reminder that flash floods can happen quickly, especially in narrow canyons where water has nowhere else to go.

大峡谷有些地方深逾一英里，露出的岩石接近二十亿年历史。去年游客超过四百四十万人。这场灾难再次提醒我们，山洪可能迅速发生，尤其在水流无处可去的狭窄峡谷。

07 Now to an update on the conflict in the Middle East. U.S. Central Command says American forces struck two Iranian rocket launchers in Larak Island Sunday. The U.S. military says Iranian Revolutionary Guard forces were preparing to use rockets to deploy sea mines into the Strait of Hormuz.

接下来更新中东冲突。美国中央司令部表示，美军周日袭击了拉腊克岛两台伊朗火箭发射器。美军称，伊朗革命卫队当时准备利用火箭向霍尔木兹海峡布设水雷。

08 Just days before, U.S. President Donald Trump warned Iran against placing new mines in the Strait, and the U.S. military said it had just finished clearing mines from international shipping lanes there. Roughly one-fifth of the world's oil supply has historically traveled through this narrow passage. Iran responded by firing ballistic missiles toward two U.S. bases in Jordan.

就在几天前，特朗普总统警告伊朗不要在海峡布设新水雷，美军则表示刚清除了国际航道内的水雷。历史上，全球约五分之一石油供应经由这条狭窄通道运输。伊朗以向约旦两座美军基地发射弹道导弹回应。

09 Iran's Revolutionary Guard called the Americans strike a, quote, strategic and deadly mistake, unquote. This was the first publicly confirmed direct exchange of fire between U.S. and Iranian forces in about a month.

伊朗革命卫队称美军袭击是“战略性且致命的错误”。这是约一个月来，首次公开确认的美伊军队直接交火。

10 Pop quiz hot shot about what percentage of the world's population has naturally red hair?

随堂小测验，高手接招！全球人口中，天然红发者约占多少？

11 2%, 8%, 15, or 25? If you said 2%, you're red hot.

百分之二、八、十五，还是二十五？如果选百分之二，你可真“红”火！

12 Natural red hair is one of the world's rarest hair colors. It's most common among people with Northern and Northwestern European ancestry.

天然红发是世界最罕见的发色之一，在具有北欧和西北欧血统的人群中最常见。

13 Once a year, thousands of redheads from more than 80 countries come together in the city of Tilburg, Netherlands, to celebrate their uniqueness at the Dutch Redhead Days Festival.

每年一次，来自八十多个国家的数千名红发人士，聚集荷兰蒂尔堡，在荷兰红发节庆祝自己的独特之处。

14 And get this, in 2005, Dutch artist Bart Rouwenhorst put on an advertisement looking for a handful of red-haired models. Instead, hundreds responded. So rather than tell most of them no, he invited them all, and an international festival was born. Our Ben Hunt has more.

有趣的是，2005年，荷兰艺术家巴特·劳文霍斯特登广告，只想找几位红发模特，结果几百人回应。他没拒绝大多数人，而是把大家都请来，于是一个国际节日诞生了。本·亨特带来报道。

15 Seeing red? That is the beauty of the Redhead Days Festival in the Netherlands. It's estimated that less than 2% of the world's population has naturally red hair, and attendees say it's a rare chance to be surrounded by people with similar roots.

满眼都是红色？这就是荷兰红发节的美。估计全球天然红发人口不足百分之二，参与者说，这是难得能置身拥有相似“发根”人群的机会。

16 Every year, the Dutch city of Tilburg turns into a sea of ginger, copper, and strawberry. The three-day event draws thousands of redheads from all around the world for a chance to show off their locks.

每年，荷兰蒂尔堡都会变成姜红、铜红和草莓金色的海洋。三天活动吸引全球数千名红发人士，展示自己的秀发。

17 It's just a really cool thing, seeing so many people, it's just really cool.

这真的很酷，看见这么多人，真的特别酷。

18 And enjoy music, food, and specialized workshops that cover everything from skin cancer prevention to makeup tips.

大家还能享受音乐、美食和专题工作坊，内容从皮肤癌预防到化妆技巧，无所不包。

19 I was inspired to create a product for redheads because we can't find redhead mascaras and for brows, so we made a little makeup booth.

因为买不到适合红发人士的睫毛膏和眉妆产品，我受到启发，决定自己制作，所以我们设了一个小化妆摊位。

20 Though red is the star of this show, organizers say everyone is invited. Because the camaraderie and positive energy of the event is enough to make anyone blend in.

虽然红色是主角，组织者表示欢迎所有人，因为活动中的友谊和积极能量，足以让任何人融入。

21 You don't have to be a redhead to be welcome, because we just celebrate the humanness and like the unique points of a human being. We just celebrate it.

不是红发也一样欢迎。我们庆祝的是人本身，以及每个人独有的特点，就是庆祝这些。

22 From people standing out in a crowd to students preparing to stand out in the sky. Birds flying high, you know how they feel, because one New York City high school is helping students explore careers in the aviation industry, learning everything from airplane mechanics to air traffic control, and after graduating, they are fully equipped to take flight.

从在人群中脱颖而出的人，转向准备在天空中出众的学生。高飞的鸟儿，你知道它们的感受，因为纽约一所高中正帮助学生探索航空职业，从飞机机械到空中交通管制都学，毕业后已为“起飞”做好准备。

23 There's a lot of opportunity in this aviation that a lot of high schools don't have.

这里的航空领域有很多机会，是很多高中没有的。

24 All right, you can tell me how this purchase works.

好了，你可以告诉我这个装置怎么运作。【原稿purchase疑有听写误差，按教学语境译意。】

25 Aviation High School is a public New York City high school that is also a federal aviation administration regulated aviation maintenance school. We are one of the largest in the country, all the traditional high school coursework, plus hands-on work that can get them a job in the aviation industry right after high school.

航空高中是纽约市公立高中，同时也是受美国联邦航空管理局监管的航空维修学校。我们是全国最大的此类学校之一。学生学习所有传统高中课程，也有实践训练，让他们高中毕业后就能在航空业就业。

26 At aviation, students learn every aspect of the plane. They specialize in certifications that allow them to succeed in careers in aircraft management and manufacturing, taking on roles as airplane mechanics, air traffic controllers, and flight dispatchers as soon as they graduate.

学生在这里学习飞机的各个方面，专门考取资格认证，为飞机管理和制造业的职业做好准备。毕业即可担任飞机维修技师、空管人员和飞行签派员等。

27 We want to make sure that they're in class every day, that they're studying every day, that they're getting all their jobs done properly, because again, there's people's lives at stake when they get into the workforce to work on the airplanes that we all fly on.

我们要确保他们每天到课、每天学习，正确完成每项工作，因为进入职场，维修大家乘坐的飞机时，关系到人的生命。

28 You know, there's like so many different parts of the plane that you really need to have some idea of each section, and really every single class prepares you somewhat for that for that road into the aviation field.

飞机有那么多不同部件，你真的需要对每一部分有所了解。实际上每门课，都在某种程度上为进入航空领域铺路。

29 Like other career and technical high schools, Aviation High struggles with recruiting women. In fact, women make up less than 10% of all skilled trade jobs across the country.

与其他职业技术高中一样，航空高中招收女生也面临困难。事实上，全国技术工种从业者中，女性不到百分之十。

30 I think in any class I'm in, there's less than 10 girls in that class. Every day, I feel like I have to prove myself, and that's hard, but it's very rewarding when I finish at the same pace that the boys do.

我觉得自己上的任何一个班，女生都不到十个。每天都觉得必须证明自己，很辛苦，但当我和男生以相同进度完成任务时，又非常有成就感。

31 Getting into Aviation High isn't easy. In 2023, just over 4,000 applicants competed for only 500 seats at the school. Students travel by train, bus, and ferry from all over New York City, commuting up to two and a half hours to attend the school.

进入航空高中并不容易。2023年，四千多名申请者竞争仅五百个名额。学生从纽约各地乘地铁、公交和渡轮赶来，通学时间最长可达两个半小时。

32 So it's very early mornings. Sometimes, like currently, I have to be here about like 6.30, because I'm coming to practice in for my licensing. I mean, it's worth the commute to come here to do what I'm doing right now, but it is sometimes very lengthy.

所以早晨都得起得很早。比如现在，为了执照考试练习，我大约六点半就要到校。为了能做现在这些事，通勤值得，但有时路程确实很长。

33 Vocational programs are definitely now getting a lot more focus, and schools like ours that are aligned in the industry that has huge need, of course, is creating another major focus for education systems across the country.

职业教育现在确实越来越受重视。像我们这样对接巨大用工需求行业的学校，也自然成为全国教育体系的另一个重点。

34 The numbers they're predicting, the desire for airlines to find technicians yesterday is already felt, so it's something that we're dealing with. They're putting together packages to try and lure technicians to their company, because the need is so huge.

他们预测的需求数字，以及航空公司恨不得“昨天就找到技师”的迫切心情，我们已经感受到了。他们正在制定待遇方案，吸引技师加入，因为需求实在太大。

35 You can see the world, and you're not locked down at a desk. You're always doing something different. It makes college an option for you instead of a necessity. You know, college isn't the only route to success at aviation, while in other schools, it's pushed, of course.

你能看世界，不会被困在办公桌前，总在做不同的事。这里让大学成为选择，而不是必需。在航空高中，大学不是成功的唯一道路，其他学校当然通常更强调升学。

36 Today's story, getting a 10 out of 10above the rim and half a million bucks for some of the most electrifying few seconds of basketball. Welcome to Dunk Man. NBA legend Shaquille O'Neal figured, if everybody loves the dunks, why wait for the rest of the game? The first pro league dedicated entirely to competitive dunking.

今天获得“十分满分”的故事：飞越篮筐，凭篮球中最激动人心的几秒争夺五十万美元。欢迎来到Dunkman。NBA传奇沙奎尔·奥尼尔想，既然大家都爱扣篮，何必等比赛其他部分？于是有了首个完全专注竞技扣篮的职业联赛。

37 The best dunkers on the planet came together in Atlanta for the inaugural Dunkman World Championship. With $500,000 on the line, our Andy Scholes was there.

世界最强扣将齐聚亚特兰大，参加首届Dunkman世界锦标赛，争夺五十万美元。安迪·斯科尔斯在现场。

38 I wanted to bring all the best dunkers, give them their own professional platform. You know, everybody has their internet platform. I wanted to bring these guys, because listen, our professional guys are not stepping up for the fans. I wanted to do something great for the fans.

我想把所有最棒的扣将聚到一起，给他们自己的职业平台。大家都有网络平台，但我想把这些人带来，因为我们的职业球员没有为球迷充分站出来。我想为球迷做点真正棒的事。

39 And the dunks in the final were unbelievable. We saw guys jump over motorcycles, jump over cars. We had a dunker even do the high jump, and in the end, it was 21-year-old high flyer Cam Hazard from Texas that was named the first ever Dunkman World Champion, bringing home a cool half a million dollar prize.

决赛的扣篮令人难以置信：有人飞过摩托车、飞过汽车，甚至有人像跳高一样完成扣篮。最终，来自得克萨斯、21岁的空中飞人卡姆·哈扎德，成为首届Dunkman世界冠军，带走五十万美元奖金。

40 This is my first dunk contest, and I just came out on top. So a lot of people aren't going to believe that, but I just started posting it two years ago. Never thought it would go anywhere, and now I'm on top.

这是我第一次参加扣篮比赛，就赢了。很多人可能不信，但我两年前才开始发布扣篮视频，从没想过会走到哪里，如今却登顶了。

41 All right, friends. New month means new opportunities for us to share your 10 out of 10 moments. Send us something good to cnn10 at cnn.com. Your wins, milestones, highlights, hidden talents, or achievements, and you just might be featured in our September 10th episode of CNN 10.

好了，朋友们，新月份意味着新的机会，分享你们的满分时刻。把好消息发到cnn10@cnn.com：胜利、里程碑、精彩瞬间、隐藏才艺或成就，你就可能出现在9月10日的CNN 10里。

42 All right, I've got time for one shout out today. Mr. Sam at the Transition Education Center in White Bear Lake, Minnesota. The advisory class made this custom cutting board.

今天还有时间给一组致意：明尼苏达州白熊湖过渡教育中心的萨姆老师。导师班制作了这块定制砧板。

43 This is for chopping or knocking if I need good luck. Happy first day of school, and thank you so much. Be curious, be kind, and if life puts a rim in front of you, rise up and throw down.

它可以切菜，也可以在需要好运时敲敲木头。开学第一天快乐，非常感谢。保持好奇、善良；如果生活在面前摆了个篮筐，就奋力跃起，来个扣篮。

44 I'm Coy Wire, and we are CNN 10.

我是科伊·怀尔，这里是CNN 10。
