Special Edition: The Role of the Monarchy, The Role of the Crown

共30题。每空填写原文中的1至3个英文单词；留意拼写、单复数及词形。

方括号[01]为题号，P01为原稿段落号。答案集中在末页，练习时请先遮住。

建议先浏览正文，再配合本期视频听写；完成后重听检查，每题1分，满分30分。

姓名：_____ 练习日期：_____ 得分：___ / 30

依据用户提供的字幕原稿制作，未与视频核验。难度参考雅思听力，采用原文挖空形式，非官方模拟试卷。

听写正文 / QUESTIONS 01–30

P01 What's up, sunshine? Welcome to the show. I'm Coy Wire with a special edition of CNN 10. Today, one royally intriguing topic, all 10 minutes, including a first ever CNN 10 report from one of you, our viewers.

P02 Rise up. Today, we are diving into the difference between the British government and the British crown. The way our friends across the pond run their country, quite different from the way we do things here in the US.

P03 Also, what roles do the king, the queen, and the prince even play? Since it can get confusing, we're going to break it all down.

P04 n the US, the president is both the head of state, the country's symbolic leader, and the head of government, the person who actually runs the [01] _____. The president is elected every four years by the people. That means the citizens vote for who they want to be in charge.

P05 In the UK, that's not quite the case. Under a [02] _____, power is divided between the elected government and the ceremonial role of the royal family.

P06 The prime minister is the head of government and runs the country day to day. But here's the twist. Voters don't pick the prime minister [03] _____.

P07 Instead, they vote for a [04] _____, and the party with the most seats in parliament chooses the prime minister. So it's more like voting for the whole team instead of just the captain.

P08 Give this my all, and I ask you all to pull with me. Let's build a new national sense of [05] _____.

P09 Britain also has a monarch, currently King Charles III, who is the head of state. While it is largely a political role, they perform important duties such as officially appointing the prime minister, opening parliament, and providing [06] _____ to bills signifying that they have become law.

P10 Now that King Charles has taken the throne, his eldest son, William, is the first in line for the crown. And his [07] _____ have gotten more and more important for many reasons. Our Max Foster is here to explain.

P11 It used to beall high jinks and banter between William and Harry.

P12 It's pretty rich coming from a ginger, so I'm quite happy to take that moment.

P13 Even after William married, there was plenty of fun to be had in front of the cameras.

P14 But from the moment his grandmother died, he became first in line to the throne, and with that came a more weighty title.

P15 I am proud to create him Prince of Wales to Wysog Cymru.

P16 With that, the new Prince and Princess of Wales have been [08] _____ in position and will now be expected to step up and support the King more.

P17 William's father reinvented the role of Prince of Wales by professionalizing it. The [09] _____ now firmly on the new Prince and Princess of Wales, the most high profile in history.

P18 While William and his father may attend and [10] _____ many government events, the actual power still lies with the British people.

P19 In America, our politics are mostly divided into a two-party game, Democrats and Republicans. In the United Kingdom, politics plays out a little differently, and with more parties. The two biggest are the

Conservatives and the Labour, but there are also several others too, like the Liberal Democrats, the Green Party, and the Scottish National Party.

P20 And as Big Ben strikes 10, the [11] _____ is predicting a Labour landslide.

P21 In the United Kingdom, elections for Parliament usually happen every [12] _____. Emphasis on usually.

P22 Sometimes, if Parliament can't agree or the government loses a key vote, an early election is called. It's what they call a [13] _____. Once a majority government has been chosen, Parliament is in charge of making the laws.

P23 The British Parliament is bicameral, meaning it has [14] _____. Much like the US has the House of Representatives and the Senate, Britain has the House of Commons and the House of Lords. The Commons members are elected by voters, while the Lords are mostly appointed or have inherited their spots.

P24 The Lords act like experienced [15] _____. They don't make laws by themselves, but they do review and suggest changes. This system mixes tradition with elected decision-making.

P25 Unlike the US, the UK doesn't have one single [16] _____. Instead, its rules come from a mix of important documents, court decisions, and traditions that have developed over centuries, kind of like a recipe passed down through generations. Because it's more flexible, the UK system can adapt over time.

P26 And much like the US, the UK also has a Supreme Court that settles big legal questions and [17] _____ whether new or existing laws follow the country's best interests.

P27 Time for a Did You Know? The London Bridge is not falling down, because it's not even called the London Bridge. And one of you took a vacation to the UK over the summer and filed this special student report.

P28 Hi Coy, I'm in front of Tower Bridge in London, and let me tell you some fun facts about this [18] _____. Did you know Britain's most famous bridge is actually not called the London Bridge? It's called the Tower Bridge.

P29 The original London Bridge isn't even in London. It was moved brick by brick to Arizona in the 1860s. Two local [19] _____ began construction on the bridge April 22, 1886, and it opened in 1894.

P30 Around 31 million bricks were used to [20] _____ the bridge, which ended up costing 1 million pounds. That would be about 166 million pounds today. Geez.

P31 Tower bridge is a bascule bridge from the French word from seesaw or balance. Instead of using [21] _____ like a typical drawbridge, the bascules that made up sections of the road moved like two giant seesaws. The sections pivot the bridge open and close, allowing boats to pass through.

P32 Until 1976, the bascules were operated by hydraulics, using steam to power the enormous [22] _____. Today, the bascules are operated by oil and electricity, driven by hydraulic power instead of steam. It takes 206 steps to reach the top of the bridge.

P33 Once there, you could walk between two towers on a [23] _____. This addition came in 2014 so that visitors can test their courage and snap some pictures of the river below. Back to you, Coy?

P34 June, that was incredible. Thank you so much for sharing such fascinating facts from your summer vacation. Now, are you traveling somewhere soon or just want to show us around a cool part of your hometown? Send us your own CNN10 field trip video with your parents'
[24] _____, of course.

P35 Include your name, age, school, mascot, teacher if you'd like. Send it all to cnn10 at cnn.com. Can't wait to check them out.

P36 Pop quiz, hot shot.

P37 The king of England is not required to have what type of documentation?

P38 Birth certificate, driver's license, checkbook, or passport?

P39 This is actually a twofer. Passports and driving licenses are issued in the name of the monarch, so they don't need to issue one to themselves. Despite his Royal Highness's lack of license, the king is said to have a fleet of [25] _____, including vintage Rolls-Royces and Jaguars.

P40 King Charles III took the throne in 2022 after the passing of his mother, Queen Elizabeth II, who ruled for more than 70 years. And while none of you are probably old enough to remember her [26] _____, you will likely witness another in your lifetime. Our Randy Kaye explains the significance of the line of succession.

P41 Get in line if you want to be head of the British monarchy. The list of future heirs to the throne includes nearly two dozen members of the royal family. William, the Prince of Wales, is the new [27] _____.

P42 He's the eldest son of King Charles and the late Princess Diana. In 2011, William married Kate Middleton, now the Princess of Wales. They live in a [28] _____ on the grounds of Windsor Castle with their three children, who are next in line behind William.

P43 Their eldest, Prince George of Wales, is second in line to the throne. Princess Charlotte, William and Kate's only daughter, would come after her big brother. Then Prince Louis of Wales, their youngest.

P44 Fifth in line to the throne, Prince Harry, the Duke of Sussex. He's the younger son of King Charles and Diana and William's only sibling. Harry married Meghan Markle in 2018 after they met on a [29] _____.

P45 They have two children and live in California. Their son, Prince Archie, is in line after his father. His sister, Princess Lilibet, would be next.

P46 Lilibet is seventh in line to the throne. As the Queen's 11th great-grandchild, she is the most senior royal in the line of succession to have been born [30] _____ in California. King Charles' brother, Prince Andrew, is eighth in line despite being stripped of his royal title.

P47 Andrew stepped away from royal duties in 2019. Prince Andrew had married Sarah Ferguson in 1986 and had two daughters before divorcing a decade later. Princess Beatrice, now 34 and ninth in line after her father, gave birth to daughter Sienna Elizabeth Mapelli-Mosey in 2021, who is now tenth in line to the throne.

P48 That makes Princess Eugenie, Beatrice's sister, 11th. Her son, August Philip Hawke, is 12th. Prince Edward, the youngest child of Queen Elizabeth and Prince Philip, is 13th in the line of succession.

P49 Edward's official title is the Earl of Wessex. His two children, James Viscount Severn and his older sister, Lady Louise Mountbatten-Windsor, are in line behind their father. Princess Anne, who was actually

the second child born to the Queen and Prince Philip, falls last behind her three brothers and their children.

P50 That's because the 1701 Act of Settlement, which lays down the rules of succession, allowed for younger sons to move ahead of older daughters in line. The 2013 Succession to the Crown Act changed that, but only applies to those born after October 28, 2011. That leaves Princess Anne, 16th in line to the throne.

P51 All right, superstars, that's all for today's special edition. Wherever you are in this world, just know that you are royally awesome, and we are so thankful for you spending part of your day with us. You're our cup of tea.

P52 See you next time. I'm Coy Wire, and we are CNN 10.

参考答案 / ANSWER KEY

2026-08-24 · 共30题。以下为对应空格的原文答案；P编号便于回查中英对照稿。

本练习自评时不区分大小写，拼写与单复数须符合原文。每题1分；此分数不换算为雅思分数。

题号	答案	段落
01	executive branch	P04
02	constitutional monarchy	P05
03	directly	P06
04	political party	P07
05	unity	P08
06	royal assent	P09
07	responsibilities	P10
08	elevated	P16
09	spotlight	P17
10	officiate	P18
11	exit poll	P20
12	five years	P21
13	snap election	P22
14	two chambers	P23
15	advisors	P24
16	written constitution	P25
17	assesses	P26
18	iconic landmark	P28
19	architects	P29
20	construct	P30
21	ropes or chains	P31
22	pumping engines	P32
23	glass floor	P33
24	permission	P34
25	luxury vehicles	P39
